Last Updated on:	November 11, 2026		

Job Description

The department of Computing Sciences at RIT Dubai is seeking applications from exceptional candidates for an adjunct faculty position at the assistant/associate/full professor ranks in Computing and Information Technologies (CIT). Responsibilities include teaching and education activities in the broad areas of information requirement (Eliciting, analyzing, abstracting, and modeling information requirements across conceptual, logical, and physical levels of detail) and Project management (principles, methodologies, and lifecycle processes tailored to computing and IT environments). Other responsibilities include development of courses and laboratories,

The selected candidates are expected to cover courses in Spring 2026 in Dubai.

REQUIRED QUALIFICATIONS:

- PhD degree from an accredited institution in Information Technology or a closely related field with concentrated coursework in networking and system administration.
- A strong record of previous teaching experience in the required domain.
- Excellent communication skills.

APPLICATION PROCEDURE:

Please email your application to careersdubai@rit.edu and include the followings in your application:

- Subject line must include your name and the position you are applying for
- Cover letter detailing your technical/professional, teaching, and scholarship qualifications and achievements
- Resume or curriculum vitae
- Names, addresses and phone numbers of three references
- Contact information

Applications review will begin immediately and continue until a candidate is selected. Only shortlisted candidates will be contacted. For more information, please visit RIT Dubai website at www.dubai.rit.edu.
