NTID Online Advisory Steering Committee AY23-24

Charge:
The purpose of this steering committee is to provide advice and support for NTID's online initiatives. To date, these include assisting NTID faculty in the development of Flipped, Blended and Online course materials for deaf and hard-of-hearing students. From a practical perspective, this committee will recommend and provide training, recommend equipment and software purchases, and ensure collaboration with RIT's TLS/ILI.
