

NTID
Speech-Language and Audiology Outcomes Assessment
Plan and Report for AY 2005-06

Program Goal: To prepare students to communicate effectively in their professional, personal and civic lives.

Critical Outcomes for all Students		Assessment of Outcomes		Timeline		Results	
Domain/Task/ Capability	Performance Criteria/ Benchmarks	Instrument/ Opportunity	Assessment of Performance	Develop	Collect	Summarization of Results	Use of Results
Provision of speech – language and audiology services	Students will report a high level of satisfaction with the communication services	Communication Studies and Services (CSS) Department Evaluation of Services	80% of the student ratings will agree with the 20 statements indicating satisfaction	AY 04 - 05	AY 05 - 06	Audiology: Fall 051; n=55; criterion was met on 100% of the statements (20/20). Speech-Language: Winter 20042 and Fall 20051, n=70, criterion met on 95% of the statements (19/20).	Speech-Language and Audiology: We will continue to gather data as that reported is for only one and two quarters. Speech-language faculty/staff will discuss how to address the result that indicated less than 80% of students were "told about other available services." Since this same statement was rated lowest of the 20 statements for Audiology, while still meeting criterion, faculty and staff will increase efforts to inform students.
	Student will report self-	CSS Outcomes Assessment	80% of the students will	AY 04 - 05	AY 05 - 06	Audiology: Fall 051, n=55, 91%	Audiology: We will

	perceived benefits from communication services	Post-Therapy form	agree their communication improved because of the communication instruction service			met criterion; Speech-Language: Winter 042, Spring 043 and Fall 051, n=65, 100% met criterion	continue to gather data as that reported is for only one quarter, and then decide if we should look at other indicators. Speech-Language: We will continue to collect data twice a year and will take no action at this point since all students expressed satisfaction.
	Students will demonstrate progress toward stated communication goals	CSS Outcomes Assessment Post-Therapy form	80% of the students will be rated by their instructor as showing progress	AY 04 - 05	AY 05 - 06	Audiology: NA; Speech-Language: 20051 n=8, 100% met criterion	Audiology: N/A; Speech-Language: We will continue to collect data for two more quarters before discussing results.
	Students will demonstrate improvement on stated goals using formal measures	Goal specific pre-post testing**	80% of the students with a positive prognosis will show improvement on pre-post testing** of stated goals	Identify and develop goal specific test measures AY 05-06, and AY 06-07	AY 07 - 08	Audiology: NA Speech-Language: NA	N/A
Comments: *The NTID Student Rating System (SRS) is administered every Spring Quarter **See table of goal specific pre-post measures
