

TigerSharks

for Deaf and Hard-of-Hearing Students

Dive into marine diversity

An overnight weekend marine program.

October 11-13, 2024 | San Diego, CA

TigerSharks is a marine program for middle and high school students who are deaf or hard of hearing. This program is offered by RIT/NTID in collaboration with SeaCAMP and is a unique learning opportunity for students with STEM and marine biology interests.

Join us and

- Explore** stunning ocean environments.
- Learn** about various careers in marine biology.
- See** the importance of conservation.
- Enjoy** snorkeling and other marine activities.
- Engage** in hands-on demonstrations in marine biology.

TigerSharks is offered
at no cost for all
qualifying students!
