

Senior Parents,

This year RIT has invested in creating a non-traditional **yearbook** named 'Timeline'. Timeline is a dedicated group of students that captures RIT's identity by presenting the year's events, not headshots, in an annual publication.

Timeline will be producing two issues: an early edition for underclassmen and a **senior edition** for the graduating class which will include graduation.

Timeline lives up to the RIT technologically advanced standard by being the first **onDemand** school publication. Instead of printing bulk orders in advance, your book is printed the moment you order it. Thanks to digital printing company Color Centric, you can order your book anywhere, anytime and have it directly mailed to you.

Senior edition will be available for sale **June 1** through our website at **www.RITtimeline.com**. For more information, please contact us at **sgyearbook06@gmail.com**.

Don't forget to order a copy after graduation!

timeline

your time. your place. your memories
