TLS IS A CHAMPION OF EFFECTIVE TEACHING BY FACULTY ACROSS THE INSTITUTE

TLS supports faculty in gaining greater competence in the intersections between Pedagogy, Technology, and Content Knowledge.

TLS will help RIT faculty to:

- Engage in reflective practices about teaching and learning
- Establish and strengthen relationships with colleagues across disciplines, colleges, and ranks
- Make pedagogical choices based on evidence from literature and/or one's own teaching practice
- Effectively manage a learning environment, whether physical or virtual
- Use instructional technology and/or multimedia to support student learning
- Create assignments and/or courses that support higher-level learning
