**TLS IS A CHAMPION OF EFFECTIVE TEACHING BY FACULTY ACROSS THE INSTITUTE**

---

TLS supports faculty in gaining greater competence in the intersections between Pedagogy, Technology, and Content Knowledge.

TLS will help RIT faculty to:

- Engage in reflective practices about teaching and learning
- Establish and strengthen relationships with colleagues across disciplines, colleges, and ranks
- Make pedagogical choices based on evidence from literature and/or one's own teaching practice
- Effectively manage a learning environment, whether physical or virtual
- Use instructional technology and/or multimedia to support student learning
- Create assignments and/or courses that support higher-level learning
