Applied Arts and Science Diploma

Concentration (36 QH)

Course Title	Term	Grade	QH

Credit By Experience Guidelines
In order to obtain an award of Credit by Experience, students must present a written portfolio documenting college-level competencies acquired through educational, vocational, or personal experiences following guidelines set forth by the CMS. The portfolio is evaluated and any credit award is subject to approval of the program director and faculty. The rate for experiential credit is $150 per credit hour and may not be covered by all financial aid or tuition support programs.
