21 October 2009

Congratulations to Kimberly S. Reeb who last year presented her Senior Thesis in Communication research at last year's New York State Communication Association conference. Today we learned that her award-winning paper, "Parent-teen Communication About Dating Behaviors and its Relationship to Teenage Dating Behaviors: From the Teen's Perspective," has been published in the Proceedings of the NYSCA 66th Annual Conference. Currently, Kimberly is a Communication & Media Technologies graduate student. For more information: <http://www.nyscaproceedings.org/ojs/index.php/2008>
