

NASA/New York Space Grant NASA academy summer 2009

ames research center • goddard space flight center
marshall space flight center • glenn research center

NASA Academy is a unique summer experience at the university level for developing future leaders of the U.S. space program. Academy interns discover how NASA and its centers operate, work on individual research projects, participate in a team environment, and build professional bonds.

To qualify for NY Space Grant funding, student must be a U.S. citizen and must be a New York state resident or attend a college/university within the state of New York.

Women, minorities, and individuals with disabilities are encouraged to apply. Students with disabilities are provided reasonable accommodation services.
