

Cornell University

nasa/ny space grant

summer 2009 internships

10 weeks, \$5500 stipend

Undergraduate research in
NASA-related science and
engineering projects

The NASA / New York Space Grant Program sponsors summer internships at Cornell for undergraduate research in the fields of **Astronomy and Physics, Earth & Atmospheric Sciences, and Mechanical & Aerospace Engineering**. To receive New York Space Grant funding, a student must be a U.S. citizen and must be a NY State resident or attend a college or university within NY.

For an application and project descriptions:

<http://astro.cornell.edu/spacegrant/undergrad.html>

spacegrant@astro.cornell.edu Phone: 607/255-2710

ALL application materials must be received by February 16, 2009

Selected students will be informed in March 2009

Women, minorities, and individuals with disabilities are encouraged to apply.
