ADJUNCT FACULTY POSITION IN COMPUTING AT RIT DUBAI

RIT Dubai is currently seeking applications from exceptional candidates for Adjunct Instructor Positions in Computing. RIT Dubai is looking for a highly qualified, motivated and enthusiastic individual with demonstrated commitment to quality undergraduate teaching to help in establishing a comprehensive American university campus in UAE.

Responsibilities of this part-time post will be to teach Introduction to Internet and Web Technologies and/or Database and Data Modeling.

Introduction to Internet and Web Technologies
The course provides students with an introduction to Internet and Web technologies, and to development on Macintosh/UNIX computer platforms. Topics include Internet transport protocols and security methods, XHTML and CSS, multimedia, Web page design and Web site publishing. Emphasis is placed on fundamentals, concepts and standards. Additional topics include the user experience, mobile design issues, and copyright/intellectual property considerations. Exercises and projects are constitute a part of the assessment.

Introduction to Database and Data Modeling
A presentation of the fundamental concepts and theories used in organizing and structuring data. Coverage includes the data modeling process, basic relational model, normalization theory, relational algebra, and mapping a data model into a database schema. Structured Query Language is used to illustrate the translation of a data model to physical data organization. Modeling and programming assignments will be required. (One course in object-oriented programming).

The selected faculty is expected to start teaching in Fall 2015.

REQUIRED QUALIFICATIONS:

- Masters or doctoral degree in Computing or a closely related field.
- Ability to teach undergraduate computing courses.
- Research background and interest in the broad field of Computing.
- Excellent communication skills.
Additional Details
