The goal of RIT Dubai’s Annual University Competition is for high school students to compete in a series of fun and exciting challenges. All students interested in any major are welcome to participate. We will supply you with all that is required to compete.

This year we decided to split the competition into two days to allow more space for ideas and creativity. The winner of the Business & Engineering/Computing competition will walk away with 50,000 AED to apply towards their RIT Dubai Scholarships! All participants will qualify for 10% scholarship for RIT Dubai to use this year 2016 and lots of great prizes! Breakfast and Lunch is included!

Competitions

February 25th 2016
Business Competition

The Business Competition is scheduled for Thursday, Feb 25th from 9-2pm and requires each school to send four students to compete in a fun and innovative business idea put together by RIT Dubai faculty. All materials needed to compete will be provided during the competition. Just bring a creative & innovative mind!

March 3rd 2016
Engineering & Computing Competition

This year we are going to add a Robotics Competition on Thursday, March 3rd 2016 from 9am-2pm! If your school has a Robotics lab and you can prepare the actual project ahead of time then you can compete! Detailed information on the competition is attached for you to review. In addition to the Robotics Competition we have three other competitions to participate in that do not require preparation in advance. All materials will be provided by RIT Dubai on the day of the event, so you just need to attend. We will have Math, Mechanical Engineering, and Programming competitions. For more information see attached instructions. Your school can send students for as many competitions as you’d like. Each school can send three students per competition.

Please confirm your participation by completing the registration form included by February 15th 2016.

Please email your registration form to dubai@rit.edu and feel free to contact us at 04 371 2000 with any questions.

All awards and scholarships are subject to RIT Dubai admission guidelines.
