

R·I·T Supplemental Application Form

Thank you for applying to Rochester Institute of Technology! In order to make an admissions decision on your Universal College Application or Common Application the RIT supplement is required. Our fastest and recommended supplement can be filed at <https://www.rit.edu/~960www/commonapp.php3> or you may use this paper version. Please review the application instructions (attached) and type or print all responses neatly in ink. Return to Rochester Institute of Technology, Undergraduate Admissions Office, 60 Lomb Memorial Drive, Rochester, N.Y. 14623-5604.

Application Instructions

Apply Online: admissions.rit.edu

Applicant Status

You should apply to RIT as a *freshman* if you are currently in secondary school or have graduated from secondary school but have not yet attended college. You should apply to RIT as a *transfer* if you have attended any college *after graduating* from secondary school. Special information regarding admission as an Early Decision freshman, NTID or HEOP candidate is provided below.

Early Decision Plan

If you're applying to RIT as a freshman and have identified RIT as your *first-choice* college, you may want to apply for an early review of your application through our Early Decision Plan. Please note that this plan is not an option for transfer applicants.

To apply for Early Decision, you should check the appropriate box in the Applicant Status section of your application and return your completed form along with all supporting credentials (including transcripts, SAT or ACT scores, and recommendation) by **December 1** in order to have your Early Decision notification mailed by January 15.

Students who select RIT as their first-choice college after December 1 should contact the Undergraduate Admissions Office to discuss consideration options.

Under the Early Decision Plan, if you are admitted to RIT in your first-choice academic program, you must submit a \$300 acceptance of admission deposit by February 15 and withdraw your applications with all other colleges/universities at that time.

Early Decision candidates who are not accepted will, in most cases, be asked to submit midyear senior grades and will be reviewed a second time as part of the Regular Decision group of applicants. Candidates who are accepted to an alternate (second- or third-choice) program of study may request to be released from the conditions of the Early Decision Plan.

Early Decision candidates who desire an early estimate of financial aid eligibility should submit an "early version" financial aid application to RIT. This form will be mailed to all Early Decision applicants.

Regular Decision Plan

Most applications for admission to RIT are reviewed under our Regular Decision Plan. All transfer, international, and freshman applicants other than those choosing to apply as Early Decision candidates (see above) are reviewed as Regular Decision candidates.

Under this plan, freshman applicants for fall quarter (September) entry who have provided *all* required appli-

cation materials by **February 1** will have their admission notification mailed by March 15. Freshmen who apply for fall quarter admission after February 1 are notified of admission decisions on a space-available basis four to six weeks after their application is complete. Candidates who submit their applications and academic records by February 1 will be considered for RIT's merit-based scholarship programs (academic and extracurricular) and the RIT Honors program.

All applications for transfer admission, and all freshman applications for winter, spring, or summer quarter entry, are reviewed on a "rolling" basis, with notification letters mailed four to six weeks after the application is complete. All applications filed by international students are also reviewed and notified on a "rolling" basis.

Deaf and Hard-of-Hearing Applicants

Deaf and hard-of-hearing students may apply for admission to programs offered at the National Technical Institute for the Deaf (NTID) or to any other college of RIT. ***Whether you are applying to an NTID program or a program in any other RIT college, you should check the appropriate box in the Applicant Status section of the application and submit an audiological record completed by a certified audiologist (CCC-A) in order to qualify for educational access and support services (such as sign language interpreting services, real-time captioning services, note-takers, tutors), and to receive the federally supported tuition rate for deaf and hard-of-hearing students.***

Applications for NTID's associate degree programs are reviewed on a "rolling" basis, with admission notification four to six weeks after all materials have been received. Applicants seeking admission to programs offered by other RIT colleges should follow the application instructions for RIT's Early Decision or Regular Decision Plan.

Higher Education Opportunity Program

The Higher Education Opportunity Program (HEOP) provides educationally and financially disadvantaged residents of New York State with access to independent colleges and universities throughout the state by providing special academic support services and financial assistance.

New York state residents who wish to be considered for admission through HEOP should check the box for HEOP admission in the Applicant Status section. HEOP candidates must also be prepared to submit financial documentation to determine HEOP eligibility. The Undergraduate Admissions Office will request this information once your application has been received. ***Please contact our HEOP Office at (585) 475-2221 to discuss HEOP financial eligibility guidelines before applying.***

HEOP admission is available only to students who have not previously attended college, or to transfer students who were part of their previous college's EOP or HEOP program. Candidates are encouraged to request a waiver of the normally required \$50 application fee if needed.

International Applicants

International students may apply online, use this application form, or use RIT's International Student Application. Students whose native language is not English must submit results of the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS) examination. International applicants applying for fall quarter (September) admission should have all educational records and admission materials on file by March 1. Applications are reviewed on a "rolling" basis, with admissions notification four to six weeks after all materials are received by RIT. International applicants who are deaf should check the appropriate box in the Applicant Status section of the application and submit an audiologic record completed by a certified audiologist in order to qualify for educational access and support services provided through NTID.

Program Selection

When you apply for admission to RIT, you are asked to select a specific academic program as part of our admission process. This is important because we offer a variety of academic programs, and admission requirements may differ from one program to another. In this section, you will select the academic program you want to study at RIT. ***The programs and their corresponding codes are listed on pages C and D. Please refer to this list when indicating your program choice.***

If you do not feel ready to select a specific academic program, you may apply for admission to one of the "undeclared option" programs offered by several RIT colleges, or choose the University Studies program if your interests span more than one RIT college.

If you do not meet the requirements for admission to your first-choice program of study, or if that program has filled all available spaces, you will not be offered admission to that program. You may, however, be offered admission to a second- or third-choice alternate program if you have selected one. Applicants who choose alternate programs from different colleges within RIT are more likely to be admitted to one of their chosen programs.

Academic Transcripts

This application packet includes a Secondary School Transcript Request Form. If you are applying for freshman admission, you should take this form to your high school guidance office to be completed and returned to RIT with an official copy of your transcript in a sealed school envelope.

If you are a transfer applicant, you should request immediate forwarding of official college transcripts from all colleges previously attended. If you have completed fewer than 30 semester hours or 45 quarter hours, you also must submit official secondary school transcripts. If you are currently enrolled in college, please be sure to submit the Transfer

Course List to indicate any courses you will complete before entering RIT. You may complete the Transfer Course List on the Web at www.rit.edu/admissions.

Portfolio Requirements

All students applying for admission to the School of Art, School of Design, School for American Crafts, or NTID's Art and Computer Design program must submit an art portfolio for consideration. The portfolio should consist of 10 to 20 pieces of the student's best work, submitted on 35mm slides or a digital CD. *Please review the portfolio instructions available at <http://admissions.rit.edu/applyonline.php3> before submitting your portfolio.*

Students who wish to make special arrangements to show their art portfolio while visiting campus should contact the Undergraduate Admissions Office. Applicants who are deaf or hard of hearing should contact NTID Admissions.

Transfer applicants to the School of Photographic Arts and Sciences seeking credit for previous photography courses must submit a photography portfolio for credit evaluation. Photography portfolios are not required for freshman admission.

Required Admission Tests (RIT SAT Code #2760, RIT ACT Code #2870)

All freshman applicants must submit results from the SAT Reasoning Test (SAT-I) of the College Board or ACT assessment scores from the ACT Testing Program. Applicants should have the testing agency send SAT or ACT scores directly to RIT or have scores included on their high school transcript. RIT will accept results from any test date, and ACT or SAT examinations are equally acceptable for admission consideration. The ACT's optional writing test is recommended but not required for those students who choose the ACT.

International students whose native language is not English must submit results of the TOEFL or IELTS and are encouraged to also submit SAT or ACT results if available.

Honors Program Admission

Prospective students begin the Honors program admission process by submitting RIT's Application for Undergraduate Admission along with secondary school transcripts and SAT or ACT scores. These materials must be submitted no later than February 1. Applications postmarked by February 1 are reviewed by the Undergraduate Admissions Office to select a limited number of candidates who are then admitted to the Honors program.

Important E-mail Instructions

Providing us with a correct and current e-mail address is important. E-mail is how we most often communicate with you throughout the application process. We recommend that you add undergrad_admissions@rit.edu and admissions@rit.edu to your address book and remove any spam blockers that may obstruct our e-mail, and that you frequently check the e-mail address provided.

Baccalaureate Programs

Deaf and hard-of-hearing students seeking freshman or transfer admission to RIT's day undergraduate programs should check the NTID access/support services box in the Applicant Status section of this application and indicate their desired program title and program code from those listed on page C.

*** *Applied Computer Technology AS degree provides direct transfer to RIT's BS in Information Technology. Applied Liberal Arts AS degree provides direct transfer to RIT's College of Liberal Arts. Business AS degree provides direct transfer to BS programs in RIT's College of Business. Administrative Support Technology AAS, Applied Mechanical Technology AAS, Hospitality and Service Management AS, and Laboratory Science Technology AAS all provide direct transfer to RIT's College of Applied Science and Technology.*

Part-time and Evening Programs

These degree programs are primarily for part-time study. Please limit choice to one.

Please note that RIT also offers 35 certificate-level programs not listed below. Students who wish to matriculate in a certificate program should request a certificate application from the Office of Part-time Enrollment Services at (585) 475-2229 or e-mail opes@rit.edu.
