About Co-op
Cooperative Education, or co-op, gives you the opportunity to gain meaningful work experience before you graduate. It will also help you further define your career path and fully realize the value of what you are learning in the classroom.

Cooperative Education at RIT is full-time, paid employment directly related to your field of study. All undergraduate students in the Kate Gleason College of Engineering are required to participate in Cooperative Education. BS degree certification requires the completion of one year of co-op, typically completed in two semesters and two summers. BS/MS and BS/MEng students complete one less term of co-op.

To be eligible for co-op, you must have completed at least two years of coursework in your academic program (if you are a transfer student, please speak with your advisor regarding your co-op plans), passed the required KGCOE Co-op Preparation Course, and have your academic department’s approval. You will alternate terms of coursework with terms of co-op during the last three years of your program. Your academic department determines the timing of your co-op terms and will assign a schedule for you to follow.

Co-op for graduate students is optional for most engineering programs. Interested students should check with their academic department for requirements and additional information.

Getting Ready For The Job Search
To prepare for the co-op job search process, you must complete the Engineering Co-op Preparation Course to learn how to develop the tools (e.g. resume and cover letter) and the job search strategies (application and interview techniques, career fair preparation, etc.) to conduct a successful job search. You will also learn how to use RIT Job Zone, the online job posting database available through the student portal of our web site. You will be able to review and apply to co-op job postings and on-campus interview opportunities through Job Zone. The Engineering Co-op Preparation Course is offered to second year and transfer students in fall and spring semesters.

How Your Career Services Coordinator Helps
Career Services Coordinators are assigned to each major and are available year round to assist and advise students with the job search process and any career-related concerns. You can meet with your individual Career Services Coordinator for personalized advising as well as through regularly offered seminars and workshops. Career Services Coordinators work closely with your academic department and build and maintain relationships with employers to develop co-op opportunities (to look up your Career Services Coordinator, login through the “My Career Services Coordinator” box on the bottom left side of the main student page). We are here to assist you in securing a co-op position and remain available to you and your employer while you are on co-op.

When To Begin The Job Search
It’s never too early to begin your co-op job search! We recommend starting two terms before you are scheduled to co-op so you are prepared to submit your resume to employers who require early resume submission. The term right before you co-op is typically the busiest with resume submissions, interviews and related job search activities.
Please note that some major corporations, many federal government and research engineering university (REUs) internship/co-op positions have early application deadlines (fall and early spring semester dates). If you are interested in these, please check the respective organization’s career site and also consult with your assigned Career Services Coordinator.

Create A Profile On RIT Job Zone And Upload Your Resume
RIT Job Zone is the web-based system used by the Office of Career Services and Cooperative Education and selected employers to post co-op job opportunities. (You will use this same system later on to search for full-time positions upon completion of your degree.) Login to Job Zone at www.rit.edu/emcs/oce/students using your RIT computer account and password. Complete your profile and store your resume in the system. Developing a new resume is easy: start by reading through the Intro To Resume Writing page of our site under the Job Search Prep tab (www.rit.edu/emcs/oce/student/resume-writing). That page also provides you with samples for inspiration. Have your Career Services Coordinator review your draft so that it is error-free and effective.

Learning About And Applying To Job Opportunities
Using Job Zone, you can view job descriptions and apply to all positions for which you are qualified. Create a search agent to receive notification of new job openings that match your job search profile and apply with a click of a button! Pay attention to the requirements listed by the employer. Some employers will direct you to submit your resume through their company web site – be sure to follow these directions carefully. Keep your options open and avoid limiting yourself to a specific employer or geographic location. Employer on-campus information sessions, interviewing schedules and special events are also posted on Job Zone. You can also view the details of upcoming career fairs and related activities, including workshops on job search topics. Just click on the Events tab in Job Zone.

Broadening Your Job Search
The best job search is a comprehensive one. RIT Job Zone is only one source of co-op job openings. Look for co-op jobs utilizing other resources: your network of family and friends, professors, past employers, coaches, clubs and professional associations, and various web sites. We recommend checking our Web Resources page (www.rit.edu/emcs/oce/student/resources/engineering) for a list of sites for your major. Apply for positions found “on your own” and keep a record of your job applications. If you find a position with an employer who has not recruited or hired from RIT before, be sure to obtain a description of the position and have it approved by your academic department head BEFORE you accept the job. If you or the employer has any questions about the co-op program, please be sure to contact your Career Services Coordinator for assistance.

You should always continue your search until you have been offered and accepted a position!

Prepare For Interviews
Brush up on interviewing skills and attend mock interview programs to prepare for the real thing. For sample interview questions, typical interview formats and interviewing tips, please see our interviewing page: (www.rit.edu/emcs/oce/student/interviewing). Remember to send employers a brief thank you note after the interview and follow-up with employers to check on the status of your application. Make sure you have appropriate interview attire and arrive for the interview 15 minutes before scheduled time.

Accepting A Job Offer
Once you accept a co-op job offer, even verbally, you are expected to honor this commitment. You must not back out, or renege on the job, to work for another employer! Make sure you confirm your start and end dates, work hours and other work site expectations with your employer prior to starting your job. Co-op employers expect RIT and its students to operate according to accepted business ethics and standards. Further, RIT expects your best behavior at all times, whether on or off campus to be in accordance with the standards articulated in the RIT Students Rights and Responsibilities Handbook: www.rit.edu/studentaffairs/studentconduct/rr.php and the Student Agreement Policy (found on your Job Zone Profile under the Privacy Tab). If you find a position with an employer new to the Co-op Program, seek approval for the position from your faculty and/or career services advisor.
Reporting Your Co-op Job And Registering For Co-op

After you have accepted a co-op job, two steps are required to ensure that you will receive the appropriate co-op credit for each term you will be on co-op:

1. **Report your co-op placement information** to the Office of Career Services and Cooperative Education through the student portal of our website [www.rit.edu/ReportCo-op](http://www.rit.edu/ReportCo-op).

2. **Register on SIS:**
   Once you have reported your co-op placement with the Office of Career Services, you will be registered for co-op on the RIT Student Information System (SIS) by your academic departments. All students must meet their department’s co-op eligibility requirements prior to SIS registration which also includes passing the Engineering Co-op Preparation Course.

International Students

1) Register for co-op or internship with their academic department in the SIS system.
2) Report their employment information to the Office of Career Services and Cooperative Education through the student page ([www.rit.edu/ReportCo-op](http://www.rit.edu/ReportCo-op)).
3) Additional permission to participate in curricular practical training must be granted by an ISS advisor prior to the employment start date. Students must either:
   a) Submit the Online CPT Request Form along with a copy of their job offer letter and a screen shot of their registration in SIS. The registration must be for the term(s) in which you are requesting Curricular Practical Training.
   b) Bring the documents listed above to International Student Services.

When this information is received an ISS advisor will create a new SEVIS I-20 with CPT Authorization on it. You will receive an email when the new I-20 is available to be picked up in International Student Services.

Your Co-op Salary And Income Tax Information

Your employer determines your compensation level. Salary rates are based on a number of variables, including your academic major, year level, prior work experiences and established company policies. Check our web site for the latest co-op salary data listed by academic program: ([www.rit.edu/emcs/oce/student/salary](http://www.rit.edu/emcs/oce/student/salary)). According to the U.S. Internal Revenue Service (IRS), salaries/wages paid to co-op students are fully subject to applicable federal and state income taxes.

Receiving Credit

To receive a “Satisfactory” (“S”) grade for co-op on your transcript, the following evaluation documents must be completed and submitted to the Office of Career Services and Cooperative Education for each term you are on co-op. Your academic department will review and award a grade.

1. **Employer Evaluation** of your performance. A link to a customized evaluation form is emailed to your employer by the Office of Career Services and Cooperative Education during the midpoint of each term you are on co-op.

2. **Student Co-op Work Report.** This report is available to you via our Student web page during the midpoint of each term you are on co-op.

For a record of your co-op history, submitted evaluations and work reports (if applicable), login through the “My Placements” box on the student page of our site.

How Financial Aid Works While You Are On Co-op

RIT does not charge tuition for enrollment in cooperative education. With the exception of the federal Pell Grant, most forms of financial aid are not awarded for semesters of co-op employment. Financial aid includes federal and private alternative loans as well as grants and scholarships. If you have concerns pertaining to your living expenses during your co-op term, please contact your Financial Aid Counselor to discuss some various strategies as to how to cover these costs.

If you are a Pell grant recipient, the grant will credit to your student account after the drop/add period for the term. You must register your co-op on the Registrar’s system and report your co-op on our website.
Your co-op earnings will not negatively impact your eligibility for federal student aid in the subsequent year. You are asked on the Free Application for Federal Student Aid (FAFSA) to report earnings from a co-op. The reported co-op earnings will automatically be excluded from your adjusted gross income when calculating your expected family contribution (EFC).

If you have any questions regarding your co-op earnings and financial aid, please contact your Financial Aid Counselor at ritaid@rit.edu.

Housing While On Co-op And When You Return To Campus
Students who co-op in Rochester may stay in RIT housing, if you make those arrangements in advance. Students who co-op out of town are typically responsible for finding their own housing near the employer’s location. Some companies provide housing assistance in the form of subsidies or housing allowances, or space in locations they own or rent for this purpose. Most employers will at least provide a list of apartments or housing options to assist students.

Students who return from co-op are guaranteed on-campus housing, if they were in RIT housing prior to leaving for co-op, however, preferences are not guaranteed. RIT Housing Operations communicates with students via email and provides information on how to apply for housing when you return to campus finweb.rit.edu/housing/.

Concerns On Co-op
Dealing with stressful and uncomfortable situations can be part of the workplace learning experience. As with every other aspect of experiential learning, the Institute and your Career Services Coordinator are here to support and guide you as necessary. If you encounter a concern, we encourage you to contact your Career Services Coordinator so we may offer advice or assistance in resolving the matter. It is important to address issues as they arise, rather than postpone such a discussion or ignore the problem. Examples of workplace issues that we can assist with range from coaching you on how to talk with supervisors regarding your work related concerns, how to address conflicts on your team as well as discrimination and harassment complaints. Be sure to call or email us if you have any questions or concerns.

Appointments And Office Hours

Personalized Advisement:
Call 585-475-2301 to make an appointment with your Career Services Coordinator who will assist you on a one-on-one basis with any aspect of your job search and related activities.

Office Hours:
Monday-Friday: 8:00 am – 4:30 pm

Walk-in Hours:
Mondays, Tuesdays, and Thursdays 9:30am - 11:30am & 1:30pm - 3:30pm; Wednesdays and Fridays 9:30am – 11:30am. These are times set aside when one of our Career Services Coordinators is on duty to answer any quick questions you may have. Check in at the Office of Career Services and Cooperative Education reception desk.
