Film and Photo Student Risk Management Checklist

1. Avoid filming from heights.
2. Avoid the use of hazardous substances including, but not limited to, explosives and chemicals.
3. Permission must be granted by local authority having jurisdiction for open flames. Appropriate fire extinguisher(s) must be at the location, if permission is granted.
4. Always use prescribed safety apparatus to fit the circumstances.
5. Follow all applicable laws, statues, rules and regulations.
6. Secure formal permission from the owner of any property being used.
7. Secure written approval to use public individuals, logos, etc, as part of the production.
8. All RIT equipment should be stored and transported with proper security and handled responsibly (i.e. cameras locked down, light and grip stands sand bagged, power requirements calculated against the available circuit load, etc.)
9. Remember that you represent RIT when you are filming in the community and your actions reflect on the University. Always conduct yourself appropriately and professionally.
