Commodity Contacts

In order to serve you better and bring greater value to the University, the PSO has made some organizational changes. Now each separate commodity has been assigned to a Commodity Manager, a Commodity Specialist, and a Buyer.

These roles may be held by the same individual, or two or three separate individuals depending on the specific commodity. Each of these individuals is prepared to advise and guide you when making your purchasing decisions. We encourage you to reach out to them for assistance.

The full up-to-date list of Commodity Contacts is on the PSO website at:
http://www.rit.edu/fa/procurement/content/commodity-contacts

If you have any questions about who the contact is for a particular commodity, please phone or e-mail Becky Kiely, Senior Staff Specialist, at 475-2107 or rlkpur@rit.edu.
