Supplier Name: Masterpiece Graphix
Substrate Name: Masterpiece REVolution .008 synthetic Paper
Thickness / Weight: 8 mils 220 gsm
Certification Date: Interpolation
Certification Number: RI7000-12-2471

This substrate is hereby certified for HP Indigo digital press(es)
7500, 7000 & 5500

For star ratings, please refer to the HP Indigo Media Solutions Locator
This substrate has been evaluated under the standard comprehensive testing procedure, in conjunction with HP Indigo R&D substrate certification criteria.

Please note: By certifying your product this means you support its use on HP Indigo equipment and its uses, and that you will perform any due diligence necessary should complaints arise. Further, by receiving approval, you agree that if there are any manufacturing or product changes that may impact substrate performance you will have the product re-tested/re-certified, to eliminate the risk of issues in the field as a result. Certification is valid for 2 years, at which time if there are no changes to paper properties or production processes, the certification can be extended for another two years. After 4 years from the original certification date, a new certification is required.
