

James M. Reilly, Director of IPI and professor in the Rochester Institute of Technology College of Imaging Arts and Sciences, graduated with a B. A. from Franklin and Marshall College in 1968 and an M. A. from the State University of New York at Buffalo in 1972. He continued his education in science at the Rochester Institute of Technology. He is well known for his research on the deterioration of nineteenth-century photographic prints, the effectiveness of storage enclosures for imaging materials, the major causes of image deterioration, and optimizing conditions in storage vaults. He is author of numerous publications, including *Care and Identification of 19th-Century Photographic Prints*, *IPI Storage Guide for Acetate Film*, and *Storage Guide for Color Photographic Materials*. He is a consultant to many museums and government agencies and is sought after worldwide as a teacher and seminar speaker.
