

Mathematics Placement Exam

ROCHESTER INSTITUTE OF TECHNOLOGY

Welcome to RIT!

In order to get ready for fall, you are required to take the Math Placement Exam (MPE). The exam is online at:

<http://mathplacementexam.rit.edu>

You will be tested on fundamental concepts:

Algebra • Trigonometry • Functions • Analytical Geometry

- Even if you took AP Calculus, you are still required to take the MPE.
- Your score places you in a course tailored to your skill level; you may need to take additional courses prior to starting your core curriculum. Take the MPE seriously.
- Complete the practice test first (students who take the practice test are more likely to be placed in the right math course).
- Don't wait! Your fall schedule may not be complete until we have your MPE score.

Exam Dates

May 25 - June 8

(24 hours per day)
