

BARNES & NOBLE

COLLEGE BOOKSELLERS

Dear RIT Student:

Welcome to RIT! Like many other college and university residence halls, the majority of our residence hall rooms contain uniquely sized, extra-long mattresses (33"x79" and 36"x80"). While we hope that this will increase your overall comfort, regular sized sheets, mattress pads, and comforters will not fit our extra-long mattresses correctly.

To help you avoid the frustration of purchasing linens that do not fit your mattress, Barnes & Noble @ RIT has once again arranged with Residence Hall Linens to provide you with a convenient and affordable source for linens especially made for uniquely sized mattresses. Not only is the fit guaranteed, but the linens are also high quality and affordable. Best of all, they are easy and convenient to obtain through Residence Hall Linens.

The enclosed brochure describes the coordinating extra-long bed linens, comforters, and towels, as well as other products designed to complete your room. The sheets, towels, mattress pads, and pillow cases can be machine washed and tumble dried.

Residence Hall Linens guarantees that you'll be pleased with your new linens. If you are not completely satisfied with your order for any reason, your money will be promptly refunded.

For your convenience, Residence Hall Linens has bundled the most requested items into economical packages (including free shipping). The enclosed brochure describes these packages in greater detail.

Although we have arranged for Residence Hall Linens to stock enough sheets, pillow cases, mattress pads, and comforters for every resident, the quantities of some colors are limited. Please mail your request as soon as possible to ensure that you receive your color of choice. All items will be shipped to your home address before you depart for RIT. In order to ensure the linens are shipped to you in time, Residence Hall Linens must receive your order by **August 14, 2009**. If you have questions regarding your linen order, please call 800-957-4338, or visit their website at www.rhl.org/rit

Once again, welcome to RIT. We look forward to your arrival on campus.

Sincerely,

Peter W. Briggs
