## STUDENT SUPPORT SERVICES

*Rochester Institute of Technology*

### **Welcome!**

RIT TRiO Student Support Services is part of a Department of Education network that includes more than a million students at 800+ colleges nationwide.

We are delighted to become a partner in your educational process. We hope you will take advantage of our many services and programs to enrich your RIT experiences and to succeed in your academic endeavors.

Research indicates that qualified students who take part in TRiO programs and services are twice as likely to be successful than qualified students who opt not to join. Why is this true? TRiO works individually with you to help you to meet your goals and to translate your educational dreams into reality.

How do we support eligible students at RIT? We have a range of programs and services from which you can choose. They include:

- Free peer tutoring (in any content area);
- Math 1:1 mentoring with a professional math instructor;
- Math, Science, and Engineering Drop-In (MTWRF & Sun)
- Individual support for liberal arts classes;
- Academic skills development (time management, study strategies, test preparation, test taking, test anxiety, etc.);
- Individual counseling and personal support;
- Advocacy, Networking, Referrals;
- WISSL (Workshops In Support of Successful Learning) workshops (career, academic, social);
- Financial Aid Advocacy.

Students who make the most of resources are those who believe in themselves and their ability to succeed. You are one of those students.

If you need something that TRiO SSS does not provide, be sure to let us know. We will help you to network with another department that can support your efforts.
