* Two out of four accepted applicants (50%) scored in this range (SAT: Critical Reading + Math sections only). One in four (25%) scored below, and one in four (25%) scored above this range. Please note that the SAT/ACT is only one of many factors reviewed in our selection process. The SAT or the ACT is required for admission consideration. If an applicant takes both the SAT and the ACT, the higher equivalent score will be considered. If an applicant takes the SAT or the ACT more than once, the highest score from each test section will be combined to determine a new total or composite score.
