4 Reasons Art & Design Students Should Study Abroad

Gain a fresh perspective on your work by immersing yourself in a new culture, developing new ways of thinking, and finding inspiration in a new environment.

Interact with students, faculty and artists from around the world, experiencing diverse perspectives and techniques to enrich your creative process.

Learn about global trends in art and design that can enhance your work and help you create a truly unique portfolio.

Museums, galleries, buildings, outdoor spaces and monuments will become your classroom as you explore art, architecture and design first-hand.

When You Should Go

The optimal time for CAD students to go abroad is during the spring semester of their third year. However, work with your academic advisor to determine the best timing for you.

Start your planning six months to a year in advance.

Scholarships

RIT Education Abroad Travel Grants (\$500-\$1,000) available for global campus, faculty-led or exchange programs.

RIT School of Design awards a \$1,000 study abroad scholarship to a 2nd or 3rd year School of Design undergraduate student each year (deadline early March).

Financial aid and many more scholarships available! Ask a study abroad advisor for more details.
