

STUDY ABROAD FOR CAST STUDENTS

**EDUCATION
ABROAD**
RIT GLOBAL

4 reasons why CAST students should study abroad:

- Gain insight into how engineering, technology and hospitality issues are approached and solved throughout the world.
- Develop inter-cultural and cross-communication skills that will allow you to stand out when applying to jobs, graduate schools and research programs.
- Connect what you learn in the classroom with real-world global experience while building future professional collaborations.
- Learn how to develop innovative solutions for global customers and international markets and practice problem solving through working, studying and living in an unfamiliar context.

HIGHLIGHTED PROGRAMS

RIT CROATIA

Dubrovnik, Croatia
RIT Global Campus

Live and learn in the historic seaside town of Dubrovnik, one of the top tourist destinations in Eastern Europe. RIT **International Hospitality and Service Management** students will gain hands-on understanding of Croatia's growing tourism industry by visiting local businesses, hearing from guest speakers in the industry and networking with company representatives.

Liberal arts courses are also available to fulfill minor, immersion and general education requirements.

DUBLIN INSTITUTE OF TECHNOLOGY

Dublin, Ireland
RIT Exchange Program

Dublin Institute of Technology (DIT) is internationally ranked for the quality of its teaching and is one of Ireland's most innovative institutes of higher education. Based in the vibrant and cosmopolitan city of Dublin, DIT is home to more than 22,000 students including over 1,000 international students. RIT **Engineering Technology** students can take a full semester of core technical classes at DIT and earn credit towards their RIT degree.

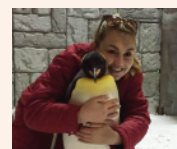

Students must have junior standing or higher to apply.

Featured Students:

Taylor Potter
Environmental
Sustainability, Health &
Safety
Australia & New Zealand
Summer 2014

"Studying sustainability in the classroom is important, but studying sustainable practices while hiking across Australia and New Zealand emphasized why we should care about the earth and building sustainable communities."

Katia Hudspeth
International Hospitality
Service Management
Dubai, UAE
Fall/Interession 2015

"Traveling to Dubai gave me the opportunity to connect with RIT alumni and other professionals living and working in the area. Touring grand hotels such as the Burj al Arab, the Palazzo Versace and the Emirates Palace gave me a glimpse of what the hospitality industry has to offer."

Things To Know:

1. RIT Education Abroad Travel Grants provide funding for RIT students to study abroad – from \$500 to \$2,500. Ask a study abroad advisor for more details.
2. Consider taking minor, immersion or general education credits abroad for more flexibility in program options.

When You Should Go:

Each CAST student and program is unique. Work closely with your academic advisor to determine the timeline that will work best for your program of study.

Study abroad experiences may begin as early as the second semester of your first year, but opportunities to study abroad in your second and third years are also available.

Planning ahead is key. It is suggested to plan between six months to one year in advance to ensure proper academic and financial planning.

Getting Started:

1. Learn more at: studyabroad.rit.edu
2. Meet with your academic advisor to discuss timing and coursework.
3. Explore programs in the Compass database:
