Email: global@rit.edu

For over a century, Universidad Pontificia Comillas has prepared students for professional careers by focusing on academic excellence, individual student support, and commitment to global, social, and cultural development. The university is located in the heart of Madrid, with nearby access to museums, sporting events, cultural centers, and parks. Students can take engineering courses in English through the ICAI-Sapiens program, along with Spanish language and culture.

- Strong in Engineering coursework
- Over 3,000 international students, including 1,400 exchange students
- Study for a semester, or during the 4 or 8 week summer term

Available courses may include

Introduction to Differential Equations
Automotive Electronics
Thermal Physics
Environmental Engineering and Sustainability
Introduction to Dynamics
Engineering Fluid Mechanics
Spanish language and culture
Nanotechnology
Energy Economics
Multivariable Calculus

Nomination Deadlines

Spring Semester : October 1

Fall Semester : April 1

Summer : March 15

Participation in this program requires a nomination by your department.
