OSNABRÜCK UNIVERSITY
Osnabrück, Germany
Affiliate Program through SUNY Oswego

Osnabrück University, home to over 12,500 students, is a young, vibrant university. The cognitive science program, taught in English, is especially popular with computing students. One or two years of prior German language is required.

Courses include:
• German Language & Culture
• Computational Linguistics
• Visual Data Mining
• Artificial Intelligence & Logic Programming

HIGHLIGHTED PROGRAMS

RIT CROATIA
Zagreb, Croatia
RIT Global Campus

Live and learn in the bustling capital city of Zagreb, and earn 12-15 credits at RIT Croatia. Engage with local students in a diverse environment to learn key skills that will set you apart in a global work environment.

Gain skills in software development by building web and mobile apps. Program areas include:
• Web Application Development
• Mobile Application Development

OSNABRÜCK UNIVERSITY
Osnabrück, Germany
Affiliate Program through SUNY Oswego

“Studying abroad and choosing Croatia as my destination was one of the best decisions I ever made. It was such a beautiful contrast to Rochester. Everyone I met was very welcoming and kind and I was practically adopted by the family of one of my Croatian friends and we still keep in touch today!”

Featured Student:
Zachary Kutik
Information Sciences & Technologies
RIT Croatia

4 Reasons Why Computing & Information Sciences Students Should Study Abroad:
Computing is becoming an increasingly global field and international experience is becoming more of a priority for computing majors. A study abroad experience will allow you to:
• Practice problem solving through working, studying and living in an unfamiliar context.
• Gain a more creative and flexible view of your field of study.
• Make professional contacts and gain a better sense of your own personal career goals.
• Learn how to work with people, companies and organizations from other countries and cultures.

Things To Know:
• Consider taking minor, immersion or general education courses abroad for more flexibility in program options.
• RIT Education Abroad Travel Grants ($500-$1,000) are available for global campus, faculty-led or exchange programs. Ask a study abroad advisor for more details.
• Honors students are eligible for a $500 travel grant to study abroad.
• A study abroad scholarship search tool is available at fellowships.rit.edu.

When You Should Go:
The GCCIS study abroad pathways identify the optimal timing for semester-long study:
Computing & Info. Technologies 3rd Year, Fall 4th Year, Fall
Computer Science 3rd Year, Fall 4th Year, Fall
Computer Security 3rd Year, Fall 4th Year, Fall
Game Design & Development 3rd Year, Fall 4th Year, Fall
Human Centered Computing 3rd Year, Fall 4th Year, Fall
New Media Development 3rd Year, Fall or Spring
Software Engineering 3rd Year, Fall or Spring
Web & Mobile Computing 3rd Year, Fall or Spring

However, work with your academic advisor to determine the best timing for you.

Getting Started:
1. Learn more at studyabroad.rit.edu
2. Meet with your academic advisor to discuss timing and coursework.
3. Explore programs in the Compass database: studyabroad.rit.edu
4. Make an appointment with a study abroad advisor (global@rit.edu or 585-475-4466).
