

Study in Hong Kong taking courses in English

RIT Exchange Program Hong Kong University of Science and Technology (HKUST)

Since it opened in 1989, HKUST has emerged as a leading research university in Hong Kong, and one of the top universities in the world. The Interdisciplinary Programs office was established in 2008, and is the only program of its kind in China, allowing students the ability to customize their degree program according to their interests and academic goals.
