| Travel Enhancement    | Fall or Spring      | 3       | Corresponding Winter break or Summer | Typically 1-4 weeks | - All students required to complete both on campus and abroad components  
- Minimum of 15 contact hours in semester  
- Students earn incomplete until travel completed (incomplete could have implication on financial aid availability for following term)  
- No additional tuition charge because built into semester load  
- Can be to a global campus  
- Graduating students could participate but would be certified at the end of summer  
- Course must fit into faculty load or college agrees to pay overload |
| Spring semester/ spring break | Spring | 3       | Spring break      | 1 week           | - All students required to complete both on campus and abroad components  
- No additional tuition charge because built into semester load  
- Can be to a global campus  
- Course must fit into faculty load or college agrees to pay overload |
| Summer                | Summer              | 1-6     | Summer            | Typically 2-6 weeks | - Students charged discounted summer tuition rate  
- Can be to a global campus  
- Graduating seniors not eligible  
- Could combine online, Rochester campus and travel learning components  
- Does not need to follow traditional summer calendar  
- Colleges eligible for faculty salary reimbursement with 8 student minimum |
| Semester Direct Enroll Hybrid | Fall or Spring | 12      | Fall or Spring    | 15 weeks          | - In-country partnerships are essential to be able to deliver full semester worth of classes  
- Can be to a global campus  
- Requires minimum of 12 students |
