## Search Filters

Tips for searching for courses:

- Use the Keywords field to search for specific course names
- For the Programs field, begin typing the name of the study abroad program to display a list of programs with a similar name.
- Click on the name of the course to see more information about the course.
- New courses are being added to this list all the time. If you don't see a course you need, submit a new course request by using the My Study Abroad Courses tab.
- You can only add a course if you have an application started for the study abroad program that offers that course.

**NOTE:** The RIT Global Education Abroad office will facilitate the process of receiving the course equivalency decision but this decision does not guarantee that the course will fulfill a degree requirement. You should work with your academic advisor to ensure that the equivalent course will fulfill a degree requirement.

Type in the name of the program (exactly as it is listed in the Compass), then click “Apply Search” to see a list of courses for that program that have already been approved as RIT equivalencies. If no courses are listed after clicking “Apply Search” that means no courses have been submitted for review yet. Students can then submit new courses for review via their “My Study Abroad Courses” tab.
