

# ¡VAMONOS! ENGINEERING & SPANISH SOCIETY

## Faculty-Led Study Abroad Program

**Pamplona, Spain**  
Summer 2022

Cultivate cross-cultural skills that will prepare you to work for multi-national companies.

- Complete a course in Engineering Economy course while immersing yourself in Spanish culture.
- Experience Spanish university life while studying for 4 weeks at Universidad Pública de Navarra (UPNA) in Pamplona, Spain.
- Further develop your Spanish language skills by interacting with locals and exploring the historic region of Northeastern Spain.
- Develop insight into how engineering problems are approached outside of the U.S.
- Visit Spanish manufacturing plants, and participate in excursions to historical and cultural landmarks.

**Travel Dates:**  
May 12 - June 11, 2022

**Credits: 9**  
3 RIT credits, 6 transfer credits

**Courses:**

- ISEE-345 Engineering Economy (3 RIT credits)
- Sustainable Energy (3 Transfer credits)
- Spanish Culture (3 Transfer credits)

Pre-requisite: 4 years of HS Spanish, or college Spanish I, or equivalent. Open to all undergraduate KGCOE and CET majors.

**Application deadline: February 20, 2022**

**To Apply:** Visit [rit.edu/studyabroad](http://rit.edu/studyabroad) and login to the Compass.
