Medical/Rx Coverage

- RIT’s Medical Care Plan is self-insured and administered by (claims paid by) Excellus BlueCross BlueShield
- Rochester area plans are Point of Service (POS) Plans: POS A, POS B, POS B No Drug, POS D
- Outside Rochester area a Preferred Provider Organization (PPO) plan is available: Blue PPO
- Prescription drug coverage is separate from medical coverage but you are automatically enrolled (unless you elect the POS B No Drug plan)

RIT and Rochester Regional Health (RRH) Strategic Alliance

- RIT has a strategic alliance with one of the area’s major health systems, Rochester Regional Health (RRH), providing several benefits for RIT employees
  - RRH Copay Option - there is a lower copay for certain medical services from RRH providers compared to other providers. Refer to the Medical Benefits Comparison Book for details.
  - Copay reduction does not apply to tests, treatments or any other services (e.g., allergy shots, chiropractic services, physical therapy, x-rays, etc.)
  - ID card has the RRH and non-RRH copays
  - RRH Find a Physician Service (phone or web)
  - Physician list on HR website, periodically updated by RRH
  - On-campus state-of-the-art primary care practice called Rochester Regional Health Family Medicine at RIT; $15 copay for office visit if covered under RIT’s medical coverage
You Must Choose a Primary Care Physician

- For the POS plans, you must choose a Primary Care Physician (PCP) before coverage will be effective (on enrollment form).
- Physician at Rochester Regional Health Family Medicine at RIT is accepting new patients; you must complete a new patient form for them.
- Other RRH physicians
  - Physician list on HR website, periodically updated by RRH
  - Use the RRH Find a Physician service
    - www.rit.edu/benefits in the Medical and Prescriptions Drug Coverage section
  - Excellus BCBS has on-line PCP search capability at www.excellusbcbs.com/rit

Key Terms and Concepts

- Copay is the dollar amount the patient pays for a service (e.g., $25 for an office visit).
- Deductible is an annual amount the patient must pay before the plan begins to pay (e.g., $300).
- Coinsurance is the percentage of eligible expenses the plan pays and the percentage the patient pays (e.g., plan pays 80%, patient pays 20%).
- Out-of-pocket maximum (OOP) is the most a patient will pay in a plan year for covered services before the plan pays 100% of covered services for the remainder of the year; “covered services” for this purpose are a combination of the deductible and patient’s portion of coinsurance.

Telemedicine—MDLIVE

- Call or videoconference with a physician licensed to practice in your state, 24 hours a day, seven days a week, 365 days a year for a $10 copay.
- Similar conditions as urgent care; common examples:

Prescription Drug Coverage

- RIT’s prescription drug coverage is self-insured and is separately administered from the medical plan
  - Administered by pharmacy benefit manager (PBM), OptumRx
  - Separate ID card for prescription plan
  - Cannot purchase this coverage separately
  - The published employee contribution amounts are a combined amount – include medical and Rx
- Automatically covered if you enroll in an RIT-offered medical plan (except no Rx coverage for POS B No Drug);
  - 3-Tier plan design
    - Tier 1: generic
    - Tier 2: preferred brand
    - Tier 3: non-preferred brand
The PBM Plays Two Roles

- Administration of the plan
  - Contracts with retail pharmacies for negotiated pricing
  - Establishes list of Tier 2 drugs (preferred brand name), excluded drugs, recommends clinical rules for patient safety and plan costs
- Claims processing and payment for all participating retail pharmacies
- Ownership and running of the mail order pharmacy and the specialty pharmacy
  - You can fill your maintenance medication through mail order
  - Any specialty medications (typically very costly and complex for treatment of serious conditions like rheumatoid arthritis, multiple sclerosis, and certain cancers) must be filled by Briova, Optum’s specialty pharmacy
  - Highly-trained pharmacists and patient care coordinators work with patients

Important Information

- Optum’s committee of physicians and pharmacists selects the Tier 2 medications based on effectiveness and cost; list usually changes periodically (usually January 1 and July 1)
  - If you are impacted by a change, Optum will send you a letter
- If an FDA-approved generic is available and you choose (or your doctor prescribes) a brand medication, you pay the difference in cost between the generic and brand as well as the brand name copay
- Some medications are excluded, standard PBM practice
  - To address large price increases from pharmaceutical manufacturers
  - Other less costly and at least equally effective alternative products are covered
- Utilization management programs for patient safety and plan costs
  - Quantity limits (e.g., migraine medication)
  - Step therapy (e.g., try and fail with Medication A before Medication B is covered)
  - Prior authorizations
- Contact Optum for questions about appeals for medical necessity

Purchasing Your Medications

- Wegmans is RIT’s preferred pharmacy
  - Your copay for prescriptions will be lower when purchased at Wegmans than at other participating retail pharmacies.
  - Many other retail pharmacies do participate with OptumRx but your copay will be higher at retail pharmacies other than Wegmans
  - You can purchase your maintenance medication in a 90-day supply at Wegmans or through OptumRx mail order
  - You cannot purchase a 90-day supply at any other retail pharmacy
  - All your prescription drug information is in the OptumRx system whether you purchase at Wegmans, other pharmacies or OptumRx mail order
  - Show your ID card for all purchases, even if you have POS D (you will receive the negotiated discounts)

### OptumRx Website

- Access information and update your information on the secure OptumRx website at [www.OptumRx.com](http://www.OptumRx.com)
- Print temporary ID card
- Find important coverage information
  - If medication is covered
  - What the drug tier is
  - What your costs would be
  - If there are any special rules
- If using mail order
  - Order refills or renewals
  - Sign up for e-mail reminders to order refills
  - Some medications have option for automatic refill
Picking the Right Plan

- The plan with the largest payroll contribution is not necessarily the best plan.
- The plan with the smallest payroll contribution is not necessarily the least expensive plan overall.
  - Consider what your expected health care needs are.
  - Use worksheet (online or in your packet) to review anticipated medical needs and associated costs.
  - Review coverage differences and copay amounts (office visits, etc.).
- POS A, B, B No Drug, and D have the same participating physicians and hospitals and cover the same medical services (2 exceptions*)
  - You pay different amounts for services, depending on the plan.
  - POS A has coverage for hearing aids and replacement of a functioning cochlear implant processor, the other plans have no coverage for these services.

Picking the Right Plan (cont’d)

- Most in-network services covered with copays.
- Most out of network services covered with deductible and coinsurance (different amounts under the various plans).
- Out-of-pocket maximum (OOP) limits your exposure for medical and prescription drug costs.
- Certain preventive care services are covered in full when provided by in-network providers (routine eye exam covered with a copay).
  - Copay could apply in some cases when the original purpose was a routine physical (e.g., discussion of your sprained ankle).
- Prescription drug coverage.
  - Coverage under POS A and B is the same.
  - POS B No Drug has no prescription drug coverage.
  - POS D has different prescription drug coverage.

Where is Your Family?

- Is your family here in the Rochester area now? Will they be moving here? When?
- Does your spouse have coverage available at your previous home?
- Do you have information on spouse’s coverage and rates?
- Does it make sense for your spouse to carry your coverage or for spouse to cover family at previous home and you have individual coverage through RIT?
Questions

- Any questions about the medical/Rx coverage?

Vision Care Coverage

- Coverage provided by VSP
- Primary benefit is eyewear
  - POS medical plans cover routine and diagnostic eye exams
- Routine eye exam, with $15 copay (if provider determines that exam is not routine, claim should be submitted to medical coverage)
- $20 copay for eyeglasses
- Lenses covered in full
  - Single vision, lined bifocal and trifocal, and progressive lenses
  - Polycarbonate for children
  - Coatings (e.g., anti-scratch) are extra, but there is discount
- Frames covered up to $130
  - Plus, 20% off the amount over your allowance
- Coverage available every year

Using Your Benefit

- Extensive national network of providers; to find a provider:
  - Sign on to www.vsp.com
  - Call (800) 877-7195 and (800) 428-4333/TTY
- Your ID# is your University ID (UID)
  - Information about your UID at end of presentation
- There are no ID cards
  - You can print a Member Vision Card from VSP website
  - Make an appointment and tell them you’re a VSP member
  - The provider takes care of all the paperwork
Questions

- Any questions about the Vision Care Plan

Dental Coverage

- RIT's Dental Care Plan is self-insured
- Administered by (claims paid by) Excellus BlueCross BlueShield
  - Full benefit when you go to Blue Shield participating dentist
- Two plans
  - Standard Plan
  - Enhanced Plan
- IMPORTANT! Dental coverage enrollment is on an every other year cycle; current cycle is 2019-2020. As a new employee, you have a one-time election for your coverage and it will be in effect for 2019 and 2020.
  - You will not be able to enroll, change plans, add or remove dependents, or cancel coverage except for a limited list of qualifying events; refer to the Mid-Year Benefits Enrollment Change Summary in the Other Resources section of the benefits website.

Flexible Spending Accounts (FSA)

- Tax Savings/Incentive - save on federal and state tax for eligible health care and childcare expenses.
- RIT calls this benefit Beneflex; administered by Lifetime Benefit Solutions (LBS), an Excellus company
- Employees scheduled to work 9 months or more are eligible
  - Participation begins 1st of month on or after date of hire; if you are hired on the first of the month, coverage starts on date of hire
- Two parts to Beneflex Plan
  1. Flexible Spending Accounts (Health Care & Dependent Day Care)
  2. Pre-tax contributions for medical, vision and dental coverage
- IRS limits amounts for tax free payments under FSAs
  - Health Care - $2,700 cap per employee per calendar year
  - Dependent Day Care - $5,000 cap per family per calendar year
  - These limits are for all employers combined

Beneflex - Health Care Account

- Eligible expenses include those eligible for a medical tax deduction as described in IRS Publication 502 (see HR website)
  - To see qualifying expense list go to https://www.lifetimebenefitsolutions.com/participants/fsa/flexible-spending-account-qualifying-expenses.html
- Eligible family members are generally those you can claim as dependents on your federal tax return even if your child is not reported as a tax dependent
- Employee or family members do not need to be covered under RIT’s medical, vision and/or dental plan
- Health Care FSA is different than a Health Savings Account (HSA)
  - HSA only available when there is a high deductible health plan (HDHP)
Beneflex - Dependent Day Care Account

- Eligible expenses include those described in IRS Publication 503 (see link on HR website); Examples include:
  - Child care centers
  - Family daycare providers
  - Nursery schools
  - Caregivers for a disabled dependent

- Eligible dependents are your:
  - Children under 13 who you claim as dependents for federal income tax purposes, OR
  - Spouse, children of any age or other federal income tax dependents who are disabled, incapable of self-support (or who need full-time attention) and who are at home at least eight hours each day.

How Beneflex Works

- Determine amount to elect based on expected eligible expenses
  - Estimate expenses from participation date to December 31st for you and eligible dependents
  - Use worksheets in Benefits Reference Guide or HR website
  - Amount deducted pre-tax from each paycheck for remainder of the calendar year

- Pay approved healthcare and dependent care providers with the LBS Visa® Card or pay out of pocket and submit claim form for reimbursement
  - You can use the card as your method of payment for the OptumRx prescription mail order pharmacy or at your Wegmans Pharmacy (also Wegmans Free Home Shipping)
  - You don’t pay tax when amount comes out of your paycheck or when funds come out of your account

- You will automatically receive two cards
  - There will be a $5 charge for each additional card

Important Information

- You will typically use the LBS Card for copays, deductibles, and coinsurance
- Save your receipts and claim reimbursement documentation
  - Benefitflex claims are subject to review and audit by LBS and if you are audited by the IRS.
  - Proof of each transaction may be required (LBS may send you a letter requesting copies of the receipts or statements)
  - If you inadvertently pay for a non-allowable expense with your LBS Card, you will be required to repay the non-allowable amount back to keep your account tax-free

- You can submit a claim form for reimbursement if
  - you do not have your LBS Card with you when you incur an eligible expense and pay for it out of pocket
  - Reimbursements are typically processed weekly with a $30 minimum payment amount
Other Important Information

- IRS Regulations
  - Annual election — you must re-enroll every year (i.e., will not continue automatically year to year)
  - You cannot change your contributions during the year unless you have an IRS-approved change in status event
  - Use it or lose it — estimate carefully
- RIT adopted the IRS-allowed grace period; submit expenses with date of service through the next March 15
  - Deadline of April 30th each year to manually submit eligible claims
- You can submit manual claims online and track your claims and reimbursements on the LBS website
  - Go to http://www.lifetimebenefitsolutions.com/

Accessing Your Account

- Health Care Spending Account
  - Access to your full annual election immediately
- Dependent Day Care Spending Account
  - Access only to the amount you have contributed

Questions

  - Life insurance cost based on employee's age and spouse's smoking status
- Child coverage
  - An eligible child is the natural or adopted child of the employee or the employee's spouse who is under age 26 who relies on employee for support and maintenance (does not have to be a tax dependent)
  - Choose from $10,000 or $20,000
  - Same cost regardless of number of children
  - No EOI required

NOTE: if your spouse is a benefits-eligible RIT employee (FT or PT), you cannot elect spouse coverage and only one of you can cover eligible children

Potential Taxes on Life Insurance

- Under IRS regulations, the premium value of your Basic and Supplemental Life insurance in excess of $50,000 is taxable to you (first $50,000 is tax-free)
- The taxable amount is calculated each pay period and shows (if applicable) on your paystub in the Earnings section as “GTL Imp Inc.”
  - Offset by your Supplemental Life deductions, if any
  - Based on your age; the younger you are the lower the amount
  - If you do not need much life insurance and don’t want to pay additional taxes, you can elect $50,000 only of Basic Life
  - Future increases subject to insurance company review and approval

Beneficiary Designation

- Complete a beneficiary designation for your life and AD&D coverage and keep it up to date
  - Payment will be made to the named beneficiary even if your personal situation has changed (e.g., you didn’t change your designation after a divorce; beneficiary could be your ex-spouse)
- You are the beneficiary for dependent life/AD&D
- Prudential administers beneficiary designations (RIT code 50757)
  - Go to www.prudential.com/mybenefits and set up a login and enter beneficiary information, OR
  - Call Prudential at 1-800-778-3827/v and 1-800-496-1214/TTY with questions or to request a beneficiary designation form

Absence Reporting

- Prudential provides disability and absence management services to RIT
- Notify supervisor when absent prior to the start of work shift
- Contact Prudential to report absences under the established criteria as outlined on next slide
  - Toll-free: (877) 908-4778
- Prudential will coordinate paperwork and determine which absences qualify for short-term disability (STD), Family Medical Leave Act (FMLA), and New York State Paid Family Leave
When Should You Contact Prudential?

- You will be absent for more than three days and are under a physician’s care
- You are hospitalized for any amount of time
- You are caring for a seriously ill or injured qualified family member
- You are pregnant or are absent from work due to pregnancy complications
- You will be absent periodically due to a chronic or permanent disabling condition of your own or a qualified family member
- You are caring for a newborn child, recently adopted child, or new foster child.
- You are absent due to a lost-time, work-related injury – after first reporting it to your supervisor
- Your eligible family member has been called to active military duty
- You’re caring for a spouse, or child who is a covered service member and is undergoing medical treatment for a serious illness or injury (up to 26 weeks)

Short Term Disability (STD)

- Coverage begins on date of hire when coming from a covered employer (in other cases, it would be 4 weeks from date of hire)
  - Non work-related illness or injury
- Following one week absence (waiting period), plan pays benefits for up to 26 weeks
  - Duration based on your physician’s report and Prudential’s approval
- Waiting Period
  - Faculty & Exempt Staff – Salary Continuation
  - Nonexempt Staff – Sick/Personal Time
- STD benefit pays
  - 100% of base pay for up to 8 weeks, then
  - 80% of base pay for up to 18 weeks

Short Term Disability-Maternity

- Under New York State law, the period of time following the birth of a baby is considered short-term disability
- The New York State standard period of time for maternity disability leave is
  - six weeks following birth for a natural delivery
  - eight weeks following birth for a C-section
Long Term Disability (LTD)

- Coverage begins first of month on or after date of hire for full-time employees
- Basic Long Term Disability
  - Benefits would begin after 6 months of total disability (disability must begin after LTD eligibility date) and approval from insurance company
  - Basic benefits = 60% of base salary, $7,000 monthly maximum, offset by other income
- Supplemental Long Term Disability
  - Purchase additional 10% of salary
  - $10,000 monthly maximum (Basic plus Supplemental), offset by other income
  - No EOI process for insurance company approval if enroll as new employee (EOI is required if enrolling after first eligible)

Pre-Existing Condition-LTD

- No coverage for a disability that begins within 12 months of the effective date if related to a pre-existing condition
  - A sickness or injury for which you received medical treatment, consultation, care or services (including diagnostic services), or had taken prescribed drugs or medicine in the 3 months prior to the effective date
- If covered under prior LTD plan within 60 days of RIT effective date, Prudential may credit this time toward pre-existing waiting period.
- Does not apply to a new condition that occurs within first 12 months

New York State Paid Family Leave

- The New York State Paid Family Leave Law (NYS PFL) provides paid, job-protected time away from work that eligible employees may take:
  - To bond with a newborn, adopted or foster child
  - To care for a seriously ill family member (spouse or domestic partner, child, parent or parent-in-law, grandparent, grandchild)
  - For qualifying military exigencies due to active duty military service of an employee’s spouse, domestic partner, child or parent.
- NYS PFL will run concurrent with the Federal Family and Medical Leave Act (FMLA) in some instances, if eligible (e.g., caring for an ill parent, bonding with a newborn)
- Eligibility: regular full-time and part-time faculty and staff, adjuncts and student employees who meet NYS eligibility requirements:
  - Employees scheduled to work 20+ hours per week – after 26 consecutive weeks, OR
  - Employees scheduled to work <20 hours per week – after completing 175 work days
2019 NYS PFL

- Benefit is up to 10 weeks of partially-paid leave in a 12-month period
  - 55% of employee’s salary capped at New York State’s average weekly wage ($1,357.11 for 2019, making the maximum benefit = $746.41 per week ($70,569.72/year)
  - Employee earning more than $70,569 will receive less than 50% of pay as the NYS PFL benefit
- Has to be taken in full-day increments, based on the employee’s schedule, but can be taken in a block of time or intermittently
  - Example: employee takes every Friday off to take his mother for chemotherapy
- NYS PFL and NYS Disability time both count toward 26 week maximum in a 52-week period

2019 NYS PFL, cont’d

- Employee should report absence to Prudential 30 days in advance for known event; otherwise by 1st day of absence for sudden event
- Prudential will pay NYS PFL payment directly to employee and income will be reported on a Form 1099
  - Can elect tax withholding and direct deposit
- Employee can supplement NYS PFL with any available other time (e.g., vacation) to be paid by RIT
- For bonding leave, employee can supplement with RIT New Parent Leave, if eligible

2019 NYS PFL, cont’d

- New York State allows the program to be funded with employee payroll deductions; for 2019, RIT will not take payroll deductions from employee pay; RIT will pay the insurance premium directly to Prudential. This may be revised in the future.
  - Employees will pay tax on the value of the premium; maximum premium (taxable amount) is $107.97 for the entire year.
  - Example: employee earns $52,000 per year, or $1,000 per week. The imputed income would be based upon a premium of $1.53 per week, or $79.56 per year.

Changing Your Benefit Elections

- Annual Open Enrollment held in the Fall for a January 1 effective date; enrollment completed online in Employee Self-Service in RIT’s HR/Payroll system
- Mid-year changes allowed for IRS-approved family status changes
  - Marriage, divorce, birth or adoption of a child, spouse gains or loses employment or child no longer eligible
  - Must notify Human Resources Department and complete the Benefits Enrollment/Change Form within 31 days of event (in some cases, can change plans)
  - Special rules for the dental plan
  - Change needs to be consistent with event according to IRS rules
  - Provide proof of event (e.g., letter stating that spouse started a new job)

RIT Retirement Savings Plan

- RIT’s plan is a 403(b) plan with employee and RIT contributions
  - Employee contributions can begin 1st of month after date of hire
  - RIT matching contributions begin 1st of month after 1 year of service
  - Prior RIT service will generally count toward the waiting period
  - Waiting period waived if coming directly from higher education with at least 1 year of consecutive service as regular full-time employee within three months of your RIT hire. Complete the verification form found in your benefits packet.
  - A 403(b) plan is similar to 401(k) plan
  - Both are code sections under Internal Revenue Code
  - Elect a percentage to contribute before federal and state taxes calculated, both subject to FICA
  - You will be automatically enrolled with a 2% of pay contribution if you take no action
Contribution Options

- Traditional 403(b) - Contributions are made on a pre-tax basis - before federal and state tax, but subject to FICA tax
- Roth 403(b) – Contributions are made on an after-tax basis; qualified withdrawals are tax-free, including earnings
- Fidelity and/or TIAA representatives can help you understand which best suits your needs

Contribution Information

- For most employees IRS contribution limit for 2019 is $19,000
  - if age 50 or older on 12/31/19, 2019 limit is $25,000
  - Join the “Max Out Club” to contribute the maximum and we will automatically calculate your contribution each year (contact HR for the form)
  - 2019 limit includes your contributions to another plan (provide HR with the amount you already contributed so we can help you coordinate the limit)
- Accept direct rollovers
  - From prior employer plans (403(b), 401(k), pension plans), including Roth accounts
  - From Individual Retirement Accounts (IRAs)

Contribution Percentages

- Elect a contribution percentage between 2% and 80%
- Employee contribution is calculated on all pay (base pay, overtime, shift differential, teaching overload, summer contract, etc.)
- RIT contribution (when eligible) is calculated on base pay, based on how much you contribute
  - Employee RIT
    - 2% 4%
    - 3% 6%
    - 4% 8%
    - 5% 9%
      - 5% contribute at least 5% to get RIT’s 9% contribution
  - 100% vested in employee and RIT contributions as well as earnings (“vested” means you have the right to this money when you leave RIT)
Retirement Plan Investments

- Two Recordkeepers
  - Fidelity Investments
  - TIAA (note: separate enrollment applications required for employee contributions and RIT contributions)
- Fidelity is the Plan’s Master Administrator
  - Streamlined ability to enroll in the Plan and make changes to your contribution percentage, whether you contribute to Fidelity, TIAA, or both.
- RIT has an Retirement Savings Plan Investment Committee made up of RIT employees
  - Committee works with an outside investment advisor to monitor the fund performance and fees for all available funds (they do not monitor the funds in the Brokerage Account).

Retirement Plan Investments

- Investment options are categorized into four tiers
  - Tier 1 – Target Retirement Date Fund Series (Fidelity)
  - Tier 2 – Passively Managed Funds (Fidelity & TIAA)
  - Tier 3 – Actively Managed Funds (Fidelity & TIAA)
  - Tier 4 – Self-directed brokerage account (Fidelity)
- You can invest in as many tiers and investment options as you would like
- You can transfer funds from one investment option to another and from one tier to another
  - Short-term trading fees could apply; you would be informed before the transaction is completed

Investment Options

- Tier 1: Series of Vanguard Target Retirement Date funds
  - Designed for retirement around the date in the fund’s title
  - Professionally managed funds
  - Investment allocation becomes more conservative as people move closer to retirement
  - Plan’s default is the Tier 1 fund closest to participant’s 65th birthday, or Vanguard Target Retirement Income Fund for those over age 65
    - If you are auto enrolled or if you enroll and don’t choose a fund, your contributions go to this fund
- Tier 2: Passively Managed Funds (Also known as index funds)
  - Fund manager generally invests in the same manner as the market index they track (same securities and about the same proportion, e.g., S&P 500® Index).
  - Goal is to achieve a rate of return that is comparable to the return of the index.
  - Lower fees than actively managed funds
Investment Options, cont’d

- Tier 3 – Actively Managed Funds
  - Fund manager performs extensive research to select individual investments and make adjustments based on the objectives outlined in the fund’s prospectus.
  - Goal is to outperform the market, or segment of the market, in which the fund was designed to invest.
  - Actively managed funds tend to have higher fees than passively managed funds.

- Tier 4 – Brokerage Account
  - About 10,000 mutual funds from many different fund families
  - For experienced investors who:
    - Have knowledge and expertise to research and evaluate large number of funds
    - Want to take personal responsibility for monitoring performance and fees of selected funds; the Committee does NOT monitor the Brokerage Account funds
    - Prefer greater choice than available under Tiers 1, 2 and 3
  - May have additional fees for investing in BrokerageLink

Asset Allocation and Diversification

- Asset allocation is the process of spreading money among stocks, bonds, and money market funds
- Diversification is the process of spreading out your investment within each asset class – investing in different companies, countries, business sizes, and industries
- Asset allocation + diversification = your investment mix
- Consider these key factors
  - **Time horizon** – how long until you retire and how long you expect you’ll need your assets to last
  - **Risk tolerance** – how willing you are to endure the market’s ups and downs in exchange for more long-term growth potential
  - **Financial situation** – including your lifestyle and assets

Access to Account

- Plan’s purpose is for retirement income
- Limited access to your account
- Employee and RIT matching contributions (and earnings)
  - Loans (Fidelity only)
  - In-service withdrawals after age 59½
- Employee contributions (no earnings)
  - Hardship withdrawals (certain restrictions apply)
Why Save for Retirement?

- Financial experts predict you will need about 80% of your pre-retirement income annually to maintain your current standard of living during retirement
  - A portion is expected to come from Social Security
  - You are responsible for the rest
- Future advantages
  - Power of compounding
  - Traditional - Power of tax deferral (you don't pay tax until you take the money out)
  - Roth - Don't have to pay tax on qualified withdrawals

Power of Compounding Example

Maria
Start Age 25
$10,000 contributed annually for 10 years
$100,000 Contribution

VALUE AGE 67
$1,353,932

Tom
Start Age 35
$10,000 contributed annually for 22 years
$320,000 Contribution

VALUE AGE 67
$1,197,268

Assumptions:
- Contributions made at the beginning of the month
- 7% annual rate of return, compounded monthly

Take Advantage of the Opportunity Now

- Start now by contributing an amount you are comfortable with
  - You can change your contribution amount at any time
- Consider enrolling for the annual automatic increase feature
  - Each September 1, your contribution will automatically increase to the amount you choose
- Contact Fidelity or TIAA for help with your investment selection
How to Join the Retirement Plan

- Since Fidelity is the Master Administrator, go to http://netbenefits.com/RIT to enroll (even if you want to contribute to TIAA).
  - Click on the Get Started button.
  - Or, call Fidelity at 1-800-343-0860/V and 1-800-259-9734/TTY.
  - If you contribute to TIAA, you MUST open an account at TIAA; if you do not, TIAA will return the funds to RIT and we will forward them to the Default Fund at Fidelity (the Tier 1 target retirement date fund nearest your 65th birthday).
- You will generally begin to see your contributions deducted from your paycheck in the next one to two pay periods.
- More details in the “How to get started” guide in your new employee benefits packet.

Automatic Enrollment and Automatic Increase

- Fidelity will send you information about the auto enrollment feature, but we encourage you to enroll directly.
- If you take no action, after about 2 months you will be enrolled at a 2% contribution in the Default Fund - the Tier 1 target retirement date fund nearest your 65th birthday.
- On each future September 1, your contribution will be increased by 1%.
  - Will begin in the calendar year following your enrollment date.
  - For example: hired August 2019, contribution would increase to 3% on September 1, 2020; increase to 4% on September 1, 2021, etc.
- Simply log into the Fidelity site to elect a different percentage.

Other Important Information

- You should name a beneficiary for the recordkeeper where you invest (Fidelity and/or TIAA).
  - You can designate your beneficiary online or by paper form.
  - If you don’t, the Plan will determine who will receive the money.
- When you become eligible for the RIT matching contribution, the RIT match will automatically start, if you are contributing to the Plan.
  - If you are not contributing to the Plan, you must take action to contribute in order to receive the RIT contribution.
Retirement Plan Changes

- Contribution changes are done on the Fidelity website or by calling Fidelity (even if you contribute to TIAA)
  - Change your contribution percentage
  - Change the recordkeeper allocation (Fidelity and TIAA) for your future contributions (NOTE: you must have a TIAA account)
  - Change contribution type: Traditional pre-tax or Roth

- Investment changes
  - For your future contributions for investment options at Fidelity, go to the Fidelity website or call Fidelity
  - For your future contributions for investment options at TIAA, go to the TIAA website or call TIAA
  - Transfer your balance among available funds directly with Fidelity and/or TIAA
  - Transfer between TIAA and Fidelity, contact the recordkeeper where you want to send the funds

Appointments

- Fidelity representatives on campus regularly for face-to-face counseling sessions; contact them to make an appointment
  - (800) 642-7131/V and (800) 259-9743/TTY
  - www.fidelity.com/atwork/reservations
- Fidelity is also available for phone counseling
  - (800) 343-0860/V and (800) 259-9743/TTY
- TIAA can meet you at their local office (College Town, off Mt. Hope Ave) or provide counseling over the phone; contact them as follows
  - Voice: (585) 246-4600 or (877) 209-3144
  - TTY: (585) 246-4610
  - www.tiaa.org

Investment Information

- Investment products are not FDIC insured and may lose value and are not bank guaranteed
- You should consider the investment objectives, risks, charges and expenses
- You can obtain a free prospectus for the various funds by contacting (or checking the websites) Fidelity and/or TIAA
- Remember, investment involves risk. The value of your investment will fluctuate over time and you may gain or lose money.

Center for Professional Development (CPD)

- HR provides programming to facilitate professional growth and development for all RIT employees.
- RIT Talent Roadmap provides single-point access to hundreds education and training programs
  - In-person classes
  - On-line training
- www.rit.edu/cpd
Tuition Assistance

- Regular full-time and part-time employees scheduled to work 750 or more hours per year
- Eligible courses and reimbursement amounts
  - Job-related credit courses taken at accredited colleges and universities, $750 reimbursement per semester (maximum of 3 reimbursements or $2,250 per year)
  - Reimbursement is for tuition only (not fees, books, etc.) and is reduced by any tuition-related financial aid you receive

What does job-related mean?

- A course is "job-related" if it will maintain or improve your current job skills
- It cannot be to prepare you for the next job
- The determination is based on the course, not the degree program
- A course is not considered job-related because the degree is required for your job
- You should use specific comparisons between your job description and the course description

Eligible Children for Education Benefits

- A child who is under age 30 and who is the child of the employee, the employee’s spouse, or the employee’s domestic partner.
- Any other child who is under age 30, and
  - for whom the employee is the legal guardian or custodian, and
  - has been the legal guardian or custodian for at least three years prior to the date on which the child begins using the educational benefit, and
  - who resides in the employee’s home, and
  - who is claimed as a tax dependent on the employee’s federal income tax return.

NOTE: If a child has matriculated in a program before the age of 30, he/she would be eligible for Tuition Waiver to complete that same degree program started (not a different program) through the academic term in which the child attains age of 35. There will be no Tuition Waiver available beyond age 35.
**RIT Tuition Waiver**

- Regular full-time and part-time employees and their eligible family members
- Waiver toward tuition only – not room, board, or fees
- Waiver for courses (not individual instruction) through
  - Academic Support Center
  - English Language Center
- Benefit varies based on
  - Employment category (e.g., full-time, part-time)
  - Date of hire
  - Years of service
- Full-time matriculated students must apply for New York State Tuition Assistance Program (TAP)
- Tuition Waiver is applied before any other RIT scholarships or grants
  - The combination of a Tuition Waiver and an RIT scholarship or grant cannot be greater than the full amount of tuition.

PEED: Under the NYS Public Health Law, employees and family members must comply with established NYS and RIT immunization requirements; refer to the Student Health Center website for more detailed information: www.rit.edu/studentaffairs/studenthealth/

*Lifetime maximum of 145 credit hours per family member in a degree-seeking program (30 credit hours of the 145 can be non-degree-seeking).

** IMPORTANT ** – if benefit is taxable, you will be required to pay taxes. Be sure to understand tax rules before starting coursework.

**Tuition Exchange**

- Prior to academic year
  - Regular full-time employees with at least five years of regular full-time service, or
  - Regular part-time employees scheduled to work 750 or more hours per year with at least ten years of regular qualifying part-time service.
- A scholarship program with over 600 colleges and universities
- Children only, for full-time undergraduate study during regular academic year
- Not guaranteed, up to receiving school
- Tuition Exchange is limited to a maximum of 16 semesters per family
  - RIT couples have the flexibility on how to use the 16 semesters
  - If child is not your tax dependent, you will be required to pay taxes.
Tuition Scholarship

- Prior to start of term
  - Regular full-time employees with at least five years of regular full-time service, or
  - Regular part-time employees scheduled to work 750 or more hours per year with at least ten years of regular qualifying part-time service
  - Children only, full-time undergraduate study during regular academic year
- Tuition reimbursement if child does not receive Tuition Exchange benefit (includes community colleges and SUNY schools)
- Up to $750/semester/child or net tuition bill if lower (i.e., reduced by tuition-related financial aid), with maximum of $1,500/child/year
- If child is not your tax dependent, taxes withheld from reimbursement.

Taxes on Educational Benefits

- Tuition Waiver undergraduate
  - Generally not taxable (must provide tax dependent proof for child)
  - If you are matriculated in a graduate program and take an undergraduate course as a requirement for the graduate program, waiver is taxable
  - If for domestic partner or child who is not your tax dependent, benefit is taxable
- Tuition Waiver graduate
  - Taxable unless course is job-related (course maintains or improves your current job skills); first $5,250 of graduate waiver per calendar year can be tax-free
  - Tuition Scholarship and Tuition Exchange are taxable if child is not your tax dependent (must provide tax dependent proof)
  - Tuition Assistance and CPD courses are not taxable
- Tax details in Educational Benefits summary on HR website

IMPORTANT: Tax Amount Could Be Significant

- If benefit is taxable, tax amount (~40%) owed likely a large amount so it is important that you understand the tax rules in advance of using the benefit for you or an eligible family member.
- Taxable Tuition Waiver Example
  - Tuition Waiver is $20,000
  - Taxes are approximately $8,000
- You would pay to RIT approximately $8,000
  - RIT forwards the money paid to the Federal and NYS governments on your behalf
- RIT increases your W-2 record
  - Income by $20,000
  - Federal, FICA, state taxes you paid by $8,000
