

# Safety & Health Specialist Certificate Registration Form

**Submit completed form and payment to:**  
 osha@rit.edu  
 Fax: 585-475-6292  
 31 Lomb Memorial Drive, Rochester, NY 14623-5603

## Program Overview

This program gives participants certification of their knowledge and skills in understanding OSHA regulatory standards, and in developing solutions to workplace safety challenges. In addition, participants can acquire OSHA-authorized Outreach Trainer status if they choose to complete the 500 or 501 course.

## Applicant Information

Name		Title	
Organization		E-mail Address	
Organizational Address		Telephone	
City	State	Zip/Postal Code	Fax

## Payment Information

In addition to individual course costs, there is a one-time application fee of \$25.00 per certificate.

## Privacy Policy

RIT will keep private any information that you provide to us. This information is stored and used to respond to your requests, alert you to future education and training opportunities, and update you on our programs and services. We do not share or sell any of the information you provide.

<b>FOR OFFICE USE ONLY</b>	
Date Received	Date Completed

## Certificate Information

Indicate courses you already completed, including training date and location. For classes taken at another training facility, **include a copy of your completion certificate**. Only two (2) courses from another training facility may be transferred. The 500, 501, 502 or 503 courses must have been completed within the past four years to be transferrable. Participants who do **not** want to teach the 10- and 30-hour Outreach Training Programs should enroll in either Course 510 for Construction, or Course 511 for General Industry. Courses 500 and 501 require participants to have five years of safety experience in their field and have completed the respective course 510 or 511 (or equivalent) before registering.
