One of the world’s leading technological universities, RIT is a vibrant, connected community, home to diverse, ambitious, and creative students from more than 100 countries. Whether you are a candidate seeking undergraduate or graduate admission, we welcome and encourage you to learn more about the university and the many distinctive values RIT offers you. You’ll benefit from top-ranked academic programs, world-famous emphasis on career preparation, esteemed faculty, and our focus on the balance of teaching and research. Take advantage of our 200-year history as a university connected to business and industry and our safe, modern residential campus featuring cutting-edge technologies.

At RIT, you will find a dynamic balance of problem solvers, researchers, innovators, inventors, techies, artists, creators, builders, thinkers, entrepreneurs, and dreamers who make the impossible possible through their academic endeavors. We hope you’ll join RIT’s inspired, unique, proud, and passionate student body of approximately 15,400 undergraduates and 3,200 graduate students. We encourage you to apply today!

Undergraduate Admissions

Graduate Admissions
www.rit.edu/grad

As the Director of International Student Services, I work with more than 2,700 intelligent, creative, and talented international students on campus, from more than 100 countries represented in RIT’s international student body.

RIT’s international students not only play an integral and important role in the dynamics of the international student community, but also enhance and enrich the experience of all RIT students, faculty, and staff. We look forward to welcoming you to campus and assisting with your needs throughout your academic career at RIT.

www.rit.edu/studentaffairs/iss

International exposure, inspiration, opportunity, growth, knowledge, possibilities: for me, these are the gifts I received from RIT. The amazing campus and Rochester served as my home away from home for four years and will remain my America “home town” for life. Like me, you’ll have incredible faculty and mentors whom you’ll remember all your life, friends from around the world, and to top it all, you will have a rock-solid platform to launch yourself into the world and into a successful career. Strive for the best and apply to RIT today! Go Tigers!
WHATEVER YOUR PASSION, YOU CAN MASTER IT AT RIT.

RIT is a place where brilliant minds assemble and collaborate, where they pool together their individual talents across disciplines in service of big projects and big ideas.

It is a vibrant community teeming with students collaborating with experts and specialists: a hub of innovation and creativity. It is an intersection of disciplines, a launching pad for a brilliant career, and a highly unique state of mind.

It is a perfect environment in which to pursue your passion. Here, the future is envisioned each day. And remade each day after.

Imagine the possibilities.
Engaging – Innovative – Experiential

You will be challenged to unlock your potential and hone your strengths and abilities. You will gain the confidence to push yourself toward new horizons. We encourage you to explore all that RIT has to offer.

Reputation & Rankings
Among the nearly 4,000 colleges and universities in the U.S., RIT ranks in the top 4 percent for selectivity and is considered one of America's top comprehensive universities, as well as a "best value" university according to U.S. News & World Report. The university annually receives top recognition in Peterson's Colleges Guide, Fiske’s Selective Guide to Colleges, and the Princeton Review's Best Colleges Guide. RIT’s programs regularly earn the highest academic and professional accreditation possible within specific fields of study, such as ABET (engineering) and AACSB (business). Among private universities in the U.S., RIT annually graduates the second highest number of students in the STEM (science, technology, engineering, and math) disciplines.

Comprehensive University
RIT is considered a comprehensive university and includes nine academic colleges, as well as the Golisano Institute for Sustainability, and offers over 300 programs of study, in the following areas:

- Art, Design, Crafts, Animation, Film and Photography
- Communications, Business, and Management
- Computing and Information Sciences
- Education and Social Sciences
- Engineering and Engineering Technology
- Environmental Sciences and Sustainability
- Mathematics, Science, Health Sciences, and Imaging Science
- Architecture

Many undergraduate programs offer advanced study at the master’s degree and Ph.D. levels, a number of which are pre-eminent in the field. In addition, several programs offer a BS/MS or BS/MBA track, enabling students to complete two degrees in an accelerated timeframe.

Ambitious, Diverse Students
RIT is home to more than 18,000 of the world’s most diverse, intelligent, talented, and motivated students, including over 2,700 international students who integrate easily into RIT’s classrooms and community. Regardless of your background or academic interests, whether at the bachelor, master, or Ph.D. level, you will find RIT to be a challenging environment that fosters intellectual and personal growth and achievement.

Exceptional Resources
Reflecting our emphasis on innovation and creativity, RIT has well-equipped, state-of-the-art facilities that are rarely matched on other campuses. You have access to a laser optics laboratory, dozens of digital photography printing stations, computerized printing presses, glass furnaces, a student-run restaurant, computer graphics and robotics labs, an observatory, and some of the most modern imaging science, microelectronic, and computer engineering facilities in the nation. The Princeton Review has ranked RIT among the “Most Connected Campuses” in the country, and RIT is among a select group of universities with access to the Internet2® research network.

Our Student Innovation Center showcases our students’ creative and innovative projects. Additionally, RIT has well-equipped, state-of-the-art facilities that are rarely matched on other campuses. You have access to a laser optics laboratory, dozens of digital photography printing stations, computerized printing presses, glass furnaces, a student-run restaurant, computer graphics and robotics labs, an observatory, and some of the most modern imaging science, microelectronic, and computer engineering facilities in the nation. The Princeton Review has ranked RIT among the “Most Connected Campuses” in the country, and RIT is among a select group of universities with access to the Internet2® research network.

English Language Center (ELC)
www.rit.edu/elc
For those students who require additional preparation in English, the university provides its English Language Center on campus to assist with those needs. The Center offers courses at all levels, designed to help students prepare for academic study at an American university. For more information, visit www.rit.edu/elc.

Research
Students at each academic level have opportunities for research in their program of study, working with faculty, business and industry, government and nonprofit organizations. The university offers more than 50
I have learned so much at RIT and gained knowledge about scientific attitude and innovative thinking. I have an internship at NVIDIA in Santa Clara and am getting invaluable work experience. This will be one of the most unforgettable experiences in my life.

Yansong Liu, Ph.D., Imaging Science; MS, Microelectronic Engineering

Graduates in Demand

RIT graduates enjoy one of the highest rates of employment of any comprehensive university in the country. More than 600 companies send recruiters to RIT to conduct more than 5,000 employment interviews.

Alumni

Over 121,000 RIT alumni live and work around the world, engaged in highly successful careers in business, industry, government, education, and nonprofit organizations.

Placement, Cooperative Education and Career Services

www.rit.edu/oce

Experiential education is integrated into our programs through cooperative education (co-op), internships, study abroad, and research. Distinct and diverse opportunities allow you to apply classroom education to real-world problems and projects.

Annually, more than 2,200 organizations place more than 4,300 students in co-op positions around the world. Co-op students gain valuable experience through full-time paid work experiences.

The benefits of co-op are invaluable. You’ll:
• gain valuable work experience
• clarify your career objectives
• help finance a portion of your education
• establish professional contacts in your field
• enhance your appeal to prospective employers and your earning potential

Co-op employers range from small consulting firms and neighborhood retail operations to Fortune 500 companies and five-star hotels. A sampling of employers includes Apple, Boeing, Google, Harris RF Communications, Hilton, IBM, Intel, Lockheed Martin, Microsoft, Motorola, NASA, Paetec, Toyota, Walt Disney World, and Xerox Corporation.

Global Education

RIT serves as a leader and model for providing international education on its main campus in Rochester, New York, USA, and on its international campuses in China, Dubai, Croatia, and Kosovo. It maintains several degree programs in collaboration with universities worldwide, including programs in China, India, the Dominican Republic, and Peru. RIT has active partnerships with hundreds of corporations, universities, and government agencies offering a variety of opportunities for study and work abroad, collaborative research, and exchange opportunities worldwide.

Investing in Your Future

As you invest your own or your family’s financial resources in your future, so too does RIT! The university offers eligible undergraduate candidates both need-based and merit-based awards, including international student scholarships up to $20,000 per year. Graduate students may receive scholarship awards based upon merit, as well as graduate assistantship positions. For the 2017-2018 academic year, RIT awarded more than $320 million in financial aid to its students. International students may also apply for one of more than 8,000 on-campus jobs through the Student Employment Office and work up to 20 hours per week on campus throughout the school year. And of course, RIT’s cooperative education program offers students the opportunity to pursue paid employment in their field prior to graduation.

Personalized Admission Process

Admission to RIT is competitive, but our admission process is a personal one. Each application is reviewed holistically for strength of academic preparation and academic performance, performance on standardized tests, and counselor, faculty, and/or professional recommendations. Because of the variety of academic programs, admission requirements may differ from one program to another, such as portfolio and writing sample submissions.
**BACHELOR’S DEGREE PROGRAMS**

**Art, Design, & Crafts**
- 3D Digital Design
- Ceramics
- Fine Arts Studio
- Furniture Design
- Glass
- Graphic Design
- Illustration
- Industrial Design
- Interior Design
- Medical Illustration
- Metals and Jewelry Design
- New Media Design

**Business & Management**
- Accounting
- Economics
- Finance
- Hospitality and Tourism Management
- International Business
- Management
- Management Information Systems
- Marketing
- New Media Marketing
- Supply Chain Management**

**Communications & Digital Media**
- Advertising and Public Relations
- American Sign Language–English Interpretation
- Communication
- Digital Humanities and Social Sciences
- Journalism
- Media Arts and Technology
- New Media Design
- New Media Interactive Development
- New Media Marketing

**Computing & Information Sciences**
- Computer Engineering
- Computer Science
- Computing and Information Technologies
- Computing Security
- Game Design and Development
- Human-Centered Computing
- Management Information Systems
- New Media Interactive Development
- Software Engineering
- Web and Mobile Computing

**Engineering & Engineering Technology**
- Biomedical Engineering
- Chemical Engineering
- Civil Engineering Technology
- Computer Engineering
- Computer Engineering Technology—
  Audio Option
  Telecommunications Option
- Electrical Engineering—
  Clean and Renewable Energy Option
  Computer Engineering Option
  Robotics Option
  Wireless Communications Option
- Electrical Engineering Technology—
  Audio Option
  Telecommunications Option
- Electrical/Mechanical Engineering Technology
- Industrial Engineering—
  Ergonomics Option
  Lean Six Sigma Option
  Manufacturing Option
  Supply Chain Management Option
- Manufacturing Engineering Technology
- Mechanical Engineering—
  Aerospace Option
  Automotive Option
  Bioengineering Option
  Energy and Environment Option
- Mechanical Engineering Technology
- Microelectronic Engineering
- Packaging Science
- Software Engineering

**Environmental Studies**
- Civil Engineering Technology
- Electrical Engineering—

GRADUATE DEGREE PROGRAMS

Art, Design, Crafts, Photography, Film, and Graphic Communications
- Ceramics (MFA)
- Film and Animation (MFA)
- Fine Arts Studio (MFA)
- Furniture Design (MFA)
- Glass (MFA)
- Industrial Design (MFA)
- Integrative Design (MS)**
- Media Arts and Technology (MS)
- Metals and Jewelry Design (MFA)
- Non-Toxic Printmaking (Advanced Certificate)
- Photography and Related Media (MFA)
- Print Media (MS)
- User Experience Design and Development (Advanced Certificate)*
- Visual Arts — All Grades (Art Education) (MST)
- Visual Communication Design (MFA)

Business, Management, and Communication
- Accounting (MBA, MS)
- Business Administration (MBA)
- Business Administration (Executive MBA)*
- Business Analytics (MS)**
- Communication and Digital Media (Advanced Certificate)*
- Communication and Media Technologies (MS)
- Computational Finance (MS)
- Entrepreneurship and Innovative Ventures (MS)
- Finance (MS)
- Hospitality and Tourism Management (MS)
- Human Resource Development (MS)*
- Management (MS)
- Manufacturing Leadership (MS)*
- Organizational Learning (Advanced Certificate)*
- Product Development (MS)*
- Project Management (Advanced Certificate)*
- Service Leadership and Innovation (Adv Certificate, MS)*
- Workplace Learning and Instruction (Advanced Certificate)*

Computing and Information Sciences
- Big Data Analytics (Advanced Certificate)*
- Bioinformatics (MS)
- Computer Science (MS)
- Computing and Information Sciences (Ph.D.)
- Computing Security (MS)*
- Cybersecurity (Advanced Certificate)*
- Data Science (MS)*
- Game Design and Development (MS)
- Health Informatics (MS)*
- Human-Computer Interaction (MS)*
- Information Sciences and Technologies (MS)
- Network Planning and Design (Advanced Certificate)*
- Networking and Systems Administration (MS)*
- Software Engineering (MS)
- Web Development (Advanced Certificate)

Education, Humanities, and Social Sciences
- Criminal Justice (MS)
- Engineering Psychology (Advanced Certificate)
- Environmental, Health and Safety Management (MS)*
- Environmental Science (MS)
- Experimental Psychology (MS)
- School Psychology (Advanced Certificate, MS)
- Secondary Education of Students Who Are Deaf or Hard of Hearing (MS)
- Visual Arts — All Grades (Art Education) (MST)

Engineering and Related Programs
- Applied Statistics (Advanced Certificate, MS)*
- Computer Engineering (MS)
- Electrical Engineering (MS)
- Engineering (Ph.D.)
- Engineering Management (ME)
- Environmental, Health and Safety Management (MS)*
- Industrial and Systems Engineering (ME, MS)
- Lean Six Sigma (Advanced Certificate)*
- Manufacturing and Mechanical Systems Integration (MS)
- Manufacturing Leadership (MS)*
- Materials Science and Engineering (Advanced Certificate, MS)
- Mechanical Engineering (ME, MS)
- Microelectronic Engineering (MS)
- Microelectronics Manufacturing Engineering (ME)*
- Microsystems Engineering (Ph.D.)
- Packaging Science (MS)
- Product Development (MS)*
- Sustainable Engineering (ME, MS)
- Telecommunications Engineering Technology (MS)
- Vibrations (Advanced Certificate)

Environmental Studies and Sustainability
- Architecture (M.Arch.)
- Environmental, Health and Safety Management (MS)*
- Environmental Science (MS)
- Sustainable Engineering (ME, MS)
- Sustainable Systems (MS)
- Sustainability (Ph.D.)

Mathematics, Science, Health Sciences, and Imaging Science
- Applied and Computational Mathematics (MS)
- Applied Statistics (Advanced Certificate, MS)*
- Astrophysical Sciences and Technology (MS, Ph.D.)
- Bioinformatics (MS)
- Chemistry (MS)
- Color Science (MS, Ph.D.)*
- Health Care Finance (Advanced Certificate)*
- Health Care Interpretation (MS)*
- Health Informatics (MS)*
- Health Systems Administration (MS)*
- Imaging Science (MS, Ph.D.)*
- Lean Six Sigma (Advanced Certificate)*
- Materials Science and Engineering (Advanced Certificate, MS)
- Mathematical Modeling (Ph.D.)*

Professional Studies (MS)*
The Professional Studies MS is a multidisciplinary degree that enables learners to fashion a customized plan of graduate study tailored to their professional goals.

Ph.D. Programs
- Astrophysical Sciences and Technology
- Color Science
- Computing and Information Sciences
- Engineering
- Imaging Science
- Mathematical Modeling
- Microsystems Engineering
- Sustainability

*Online learning option available  **Pending NYS approval
The diverse interests of our student body are reflected in more than 200 different organizations that sponsor more than 1,300 on-campus events annually. For those students interested in media, a radio station, an art and literary magazine, and a televised sports magazine that takes a behind-the-scenes look at RIT athletics also are available.

RIT offers 23 intercollegiate men's and women's sports, including Division I men's and women's hockey. Intramural sports are popular at RIT and the outstanding recreational facilities include an ice rink, an aquatics center, a field house, and fitness facilities.

For our students, it's more than just getting involved. Whether it's participating in our RIT ROCS (Reaching Out for Community Service) Day, wearing brown and orange to show their RIT spirit, building homes with Habitat for Humanity, or working on cross-disciplinary projects that focus on environmental concerns, our students take pride in making a difference.

Many of RIT’s full-time students live in RIT residence halls, apartments, or townhouses on campus. On-campus fraternities, sororities, and special-interest houses are also available. Freshmen are guaranteed housing.

Vibrant, Connected Community
Founded in 1829, Rochester Institute of Technology is a privately endowed, coeducational university with nine colleges emphasizing career education and experiential learning. The university occupies 1,300 acres in suburban Rochester, the third-largest city in New York state. RIT also has international campuses in China, Eastern Europe, and Dubai.

RIT Croatia
www.croatia.rit.edu

RIT Dubai
www.rit.edu/dubai

RIT Kosovo
www.rit.edu/kosovo

RIT/BJTU China
RIT, in partnership with Beijing Jiaotong University (BJTU), offers two new degree programs in China. An MS degree in entrepreneurship and innovative ventures will be offered at BJTU’s main campus in Beijing, and a BS degree in management information systems will be offered at BJTU’s new Weihai Southsea campus located in Shandong Province.

Our students are engaged in an active, lively campus life in a safe, suburban, residential environment.

Expenses
Full-time students living in an RIT residence hall have the following estimated 2017-18 academic year expenses.
