2023-2024 Outside Assistance/Scholarship Report

Student Name: _____ **University ID:** _____

Financial aid recipients are required to report all financial aid awards (i.e. scholarships, grants, employer tuition support, vocational rehabilitation support, and veteran's benefits) received to the Office of Financial Aid and Scholarships. Outside aid represents additional resources that meet financial need and may impact existing federal, state and/or institutional financial aid. RIT reserves the right to adjust financial aid offers when additional awards from sources outside of RIT are received. Should your aid offer change, a revised financial aid offer notice will be sent to you.

Unmet need is the difference between the "Estimated Family Cost to Attend RIT" on your financial aid offer letter and your federal Expected Family Contribution (EFC). Generally, any outside aid will first replace unmet need. Next, if the outside aid exceeds unmet need, the outside aid will replace need-based federal sources (i.e. Federal Subsidized Direct Loan, Work Study, and SEOG programs). Finally, if there is still outside aid unaccounted for, existing RIT aid is adjusted.

Only report outside awards or amounts that are NOT on your most recent Financial Aid notification. Please complete the section below; use the reverse side if necessary.
