Credit hours attempted include withdrawals, repeated courses, grade exclusions, non-matriculated courses, **UE (Pass)** and credit by exam. Transfer credit count toward both attempted and completed credit hours. Students must also complete their program within 150 percent of the standard time frame it would normally take to attain the degree. For example, a thirty (30) credit hour master's degree program would allow a student a maximum of forty-five (45) attempted credit hours to degree completion. Review of academic records occurs at the end of each semester. Any student who has attempted or earned nine (9) or more credit hours but does not have a cumulative GPA of a 3.0 or higher will be considered not to be making SAP for federal financial aid programs (Direct Loans, Direct Graduate PLUS Loans). **Students should contact their program director or the Registrar Office to determine how specific grades impact cumulative GPA or attempted/earned credit hours.**
