NYSP2I partners with Syracuse University to curb impacts of wasted food

A new collaboration between [RIT's New York State Pollution Institute \(NYSP2I\)](#) and [the Center for Sustainable Community Solutions \(CSCS\) at Syracuse University](#) aims to stem wasted food in rural New York State. Together, the organizations will work with rural communities across the state to develop a series of workshops and guidance material, as well as to identify opportunities for technical assistance and strategic planning.

WNY Sustainable Business Roundtable Clean Production Leaders Factsheet

WNY Sustainable Business Roundtable: Clean Production Factsheet

The Western New York Sustainable Business Roundtable's Clean Production Leaders program, supported by the Environmental Protection Agency, partnered with Clean Production Action, NYSP2I, CoRE and Niagara Share to provide one-on-one expert-guided support to businesses for calculating their chemical footprint.

The program targeted small and medium-sized manufacturers and service providers in Western New York and offered free resources to businesses. To learn more about the project, its results, and lessons learned, check out our fact sheet below!
