

Each month you'll receive insights, stories, and more exploring our work to cultivate a more sustainable New York. It's a simple and to-the-point way to stay connected with the breakthrough ideas and emerging challenges that drive our partnerships with businesses and communities across the Empire State.

News

NYSP2I Research & Development

Did you know? We have a Research & Development Program that aims to close existing technology and process gaps to meet the needs of businesses in NYS. We work in tandem with Binghamton University, College of Agriculture and Life Sciences at Cornell University, Rensselaer Polytechnic Institute, Clarkson University, and Rochester Institute of Technology to seek opportunities that will deliver sustainable results.

Learn about some of our [past research projects](#).

It's here! Announcing the Launch of our Newly Redesigned Website.

We are proud to announce our newly redesigned website, www.rit.edu/affiliate/nysp2i. We have redesigned it with you in mind, streamlining menus, simplifying navigation, and building a resources library to help educate you on ways to prevent pollution through innovation.

Workshop: Benefits of ISO 14001 Environmental Management

Join NYSP2I and Alliance for Manufacturing & Technology (AM&T) on Tuesday, November 12th to learn about the necessary elements for an ISO 14001 Environmental Management System (EMS). [Reserve Your Seat](#)

Let's Be Clear! Not All Glass Belongs in Your Recycling

Glass is an amazing material. It's made from readily available natural resources and can be recycled endlessly. It can be used as a container for holding food, liquids, and other materials and can be found throughout our lives, whether it's a smart phone, windows at home, a drinking glass or a jar of jam. When glass is recycled it reduces emissions, saves energy, and conserves natural resources compared to using raw materials. But did you know- not all glass can be recycled in your local recycling program? Just because something is glass does not mean it can go in your home recycling bin! [Read More](#)

Client Spotlight

Upstate Niagara Cooperative Responds to Customer Sustainability Requests

Upstate Niagara Cooperative, Inc., one of the nation's top dairy cooperatives owned by farmers, offers a wide variety of products including milk, dip, ice cream mix, yogurt, cheese, and flavored milk-based beverages.

With increasing requests from global customers to report sustainability and environmental efforts, Upstate Niagara Cooperative, Inc. recognized the opportunity to maintain and gain competitive positioning by being a differentiated supplier through their sustainability commitments.

NYSP2I reviewed documentation and information provided by Upstate Niagara Cooperative, Inc., completed assessments, engaged with top management, identified elements for an EMS, and conducted benchmarking. [Read More](#)
