"What is Man, that thou should'st be mindful of him?"

Herbert Atkinson  Rochester, N. Y.

Mechanics Arts

"A wit with dunces and a dance with wits."

Claude Appleton  Rochester, N. Y.

Normal Manual Training

"The good die young, I think you seem a little pale to-day."
Zella Bigelow

Portville, N. Y.

*Normal Domestic Art*

"O thou ever zealous Zelia,
Scornor of the sleeping hours,
Why didst shrink from vaccination,
Why had it no fascination,
When we doted so on ours."

Dorothy Boyle

Portage, Wis.

*Normal Applied Art and Manual Training*

"'Born to command is she:
And woe to him that heeds not.'"

Monica Brayer

Rochester, N. Y.

*Normal Domestic Art*

"Hail thee maiden gracious, gay.
Friends you've made to have alway.
You can dance right well we know,
Trip the light fantastic toe."

George Brewster

Wolfborough, N. H.

*Mechanics Arts*

"As studious as the day is long."
Margaret Brooker

Albion, N. Y.

Normal Domestic Art

Bright her eyes they flashed at us,
As speaks this energetic lass.
"Lost my locker key again,
Gone for good this time, alas."

Robert Brotherton

Brooklyn, N. Y.

Normal Manual Training

"Tis better to have loved a short man, than never to have loved a tall."

Our "Cork" but not our stopper.
Anna Carey
Rochester, N. Y.

Normal Manual Training
"The world's no better if we hurry;
Life's no longer if we worry."

Margaret Carroll
Boscawan, N. H.

Normal Domestic Art
She will carroll you a lay,
Any hour in the day.
But she peacefully keeps working,
Work, she's never yet seen shirking.
Only when "Uncle" comes to town,
Does she lay her needle down.

Lorenzo Carlton
Rochester, N. Y.

Normal Manual Training
"What is work and what have I to do with it?"

Ray Cash
Rochester, N. Y.

Mechanics Arts
"The empty wagon makes the most noise."

29

*Normal Domestic Science*

She doesn’t have her mouth open every time she has her picture taken.

Alling Clements
Rochester, N. Y.

*Fine Arts*

"Of all the boys that are so smart,
There are none like our Alling.
He should have gone in vaudeville,
I’m sure he missed his calling."

Grace Cushman
Burlington, Vt.

*Normal Domestic Art*

"I ate brown bread so I could grow,
For ambition height I’d reach.
O there’s nothing I don’t know
And there’s nothing I can’t teach."

Raymond DaBoll
Clyde, N. Y.

*Decorative Design*

"A song to sing and a picture to paint and a high, high mark at which to kick."

Total points: 490 501
In basket ball a league of teams chosen from the different classes and departments was formed and a schedule started, which while not completed ended with the Class of 1914 in the lead and winners of the championship banner. Mr. Samuel Lipsky of the first team was the able captain of the victorious Freshmen.

Several instructors gave their time and interest to the coaching of the teams, and to them is due much of the season's success. Under the skilful coaching of Mr. Wilder and Captain Ferguson the first squad slowly rounded into shape and at the close of season were playing at top speed. While the team won but eight of the nineteen games played they scored a total of 591 points to their opponents 490. Several games were lost only by a few points in the last moments of play. Some of the games were lost simply because of the unsatisfactory court of our opponents as shown by our losing at Albion 34 to 19, and at Geneseo Normal 25 to 23, and winning from these teams at Rochester 32 to 9 and 51 to 20 respectively. Many important games were played with some of the regular players out of the game either through sickness or low standings. This was especially true in the Rochester East High game which Mechanics lost 30 to 20, a score which reflects great credit on the Institute team and shows more correctly the real standing of the team.

It would be difficult to single out individual players for praise, as the squad worked hard for team play and some victories were sacrificed for team development. Captain Ferguson was at all times the cool headed leader, playing consistent, even brilliant basket ball. He contributed 49 field goals and 69 foul shots for a total of 167 points. Herbert Small at right forward lost his guard for a total of 54 field goals, leading the team in this respect. Had he been eligible to play in the games at Rochester against Cook Academy and R. E. H. the chances are that two more victories would be in the Mechanics column. Ross Duffet and Arthur Crapsey proved able substitutes at forward. Victor Smith at center not only was a strong factor in team work, but secured 32 points in five games. His retirement was a distinct loss to the team. Burr Sanford proved to be a tower of strength both in defense and attack and scored 72 points, getting 21 baskets in the last four games. His great reach enabled him to get the tip off and often secure the ball when put in play at center. Mechanics was fortunate in having four splendid guards. Putney Wright, a new man to basket ball rapidly developed and at the close of the season was equal to the best. He was good at close clear guarding, but in the Pitsford High game he proved he could do more than that by slipping down the court and tossing the ball into the basket, to the great delight of the M. I. followers. Marc Bardley and Clarence Page not only guarded cleverly but were shifty enough to get down the floor for 13 field goals each. Samuel Lipsky is another man who proved a strong point winner for the team, 28 field baskets in eleven games going to him.

As a whole Basket ball prospered for its first year in the Institute and as a fitting close for the season Mr. Gibson gave the team a very enjoyable little dinner on the Evening of March 26, at the school. Brief remarks were made by a number of those present and at the close of the dinner, the team selected Marc Bradley to act as the 1913 captain.

Below is given the members of the team.

Allen Ferguson, Captain
Marc Bradley    Victor Smith
Ben Sanford    Putney Wright
Clarence Page    Sam Lipsky
Herbert Small    Ross Duffet

At the New York State Armory occurred the first real meet in which the track team of the Institute was able to definitely ascertain its strength.

The eighth annual interscholastic indoor track conducted under the auspices of the University of R., the local high schools and the Armory Athletic Association, was held in the State Armory March 2nd. and for the first time in the history of the organization, a team representing Mechanics was entered. Mr. Wilson, as manager, and Mr. Douglas, as captain, entered this team and to the delight of the few who stood on the side lines and the rest of us here in the school, they not only entered it but they emerged from it with third place very safely and very satisfactorily tucked away in the score book.

To get away with third honors against such teams as East and West High, Albion, Genesee Normal and Cook Academy on our initial performance means something and a whole lot of credit is due those who built up sixteen and one-half points.

Douglas, in the shot put with a heave of 40 feet and 5 inches, easily established himself beyond reach and with DaBoll from M. I. coming in for second place, they garnered eight of these points.

Thompson, in the 70 yard dash, hurdles and pole vault, was a strong point getter, adding four points in the hurdles, three in the dashes and one and one-half in the pole vault.

Could the team have placed a man either in the mile run or the high jump, a quartette in the relay, or possibly all three, we might have given Albion more cause for satisfaction in obtaining their second place or perhaps a little material for reflection in our occupying it.

The men who filled regular positions on Mechanic’s baseball team during the season of 1911 and who in all or nearly all of the games are as follows:

- Wilkinson, Manager
- Menzie, catcher
- Pifer, 2nd.
- Ferguson, center field
- Smith, 3rd. Captain
- Main, pitcher
- Kellogg, 1st.
- Horning, shortstop
- Butler, left field
- Hayes, right field

Only six games were scheduled for the team during last spring, and of the six, four were played on out of town trips. East High was played close to the end of season and on account of an error in their box score they borrowed Mechanic Institute’s score book for the exact report of the game. The book was lost somewhere in transit, we have nothing for reference in securing a detailed account of each game. For that reason nothing more than a badly sliced report be given for our 1911 season which has been obtained from different members of the team. We started off with Lima for the opening game and with Main serving them up for Mechanic’s and Menzie behind the bat, we succeeded in getting away to a good start by taking the game 7 to 1. For the first game, the work of every man was exceptionally good. In the next game Mechanic’s journeyed down to Keuka College and, playing in the midst of a typical, midwinter snow storm with every man bundled up more for a sleigh ride than a baseball game, we lost to the college boys by the narrow margin of one score, the final result being 2 to 1. Fairport was next on the schedule and as a rule this busy little burg turns out some promising baseball material for its team each year, so we went prepared for surprises and took the game 9 to 7. Main and Menzie worked for Mechanic’s and kept alive their standard as a battery again in this game. Niagara Falls was the next game played, and from a spectators point of view this game was decidedly uninteresting one. Every man seemed to have something on the Ball and we fattened some batting averages to the extent of 25 hits and a 22 to 2 score. In the East High game things were slightly different and with Bloom going a little bit better in a pitcher’s battle with Main, East High came away with a 6 to 5 lead on Mechanics. This game is and long has been the game of the season for both teams and as a rule there are some pretty fair exhibitions of baseball in it. The sixth and last game of the season was played at Brockport against the Normals and though not a close game from the score board point of view it proved to be a hard fought, up hill sort of a contest, Mechanic’s losing out 9 to 5. This game meant, from a schedule of six, three wins and three losses and with every thing considered, this isn’t a bad record. Menzie was compelled to leave before the end of the season which left us without a catcher, and this necessitated another shift. Smith was called away from third in one or two games that required change of battery, and, with men in the habit of playing one position changed over to cover another, team work was at a standstill. A whole lot of credit is due Manager Wilkinson, As’t Mgr. Todd and Capt. Smith for their excellent work, as is also every man on the team. They showed the spirit and are deserving of a good, big M.

Prospects for the season of 1912 look bright indeed for Institute baseball and excellent progress has been made in it.

OPENING OF BEVIER MEMORIAL BUILDING

HUNDREDS visited the rooms of the New Bevier Memorial Building, opened Dec. 4th. A public reception in memory of the donor, Mrs. Susan Bevier, was held. Besides contributing for the building, Mrs. Bevier provided for the maintenance of the Art Department with $50,000 to be placed at interest. The chief gift was made before her death in 1907.

One room of the Bevier building is known as the Alice Bevier Room, a memorial to the donor's daughter. Many art treasures and furniture elaborately carved and inlaid are there and the walls are hung with paintings.

An added attraction to those visiting the new building was the exhibition of water colors, selected from the recent exhibition in New York. They were hung in a room designated for the display of exhibits. Managers of the Institute were in attendance most of the afternoon and evening. The women officers served tea in the Alice Bevier room, in the afternoon. Floral decorations were provided by Mrs. William S. Kimball and Edmund Lyon.

The visitors seemed much interested in the class rooms and the work done. In the basement, there are clay modeling, pottery, metal working and wood carving rooms; on the second floor, design and architectural drafting rooms; on the third, rooms for the Life class, elementary drawing and still life painting.

Students with blue and gray badges showed the visitors about and explained the work.

A NEW SONG FOR M. I.

1. Our Alma Mater dear
   R. A. M. I.
   We strive to reach
   Up to thy standards high.
   Wisdom and Knowledge broad,
   Thy sons and daughters seek,
   That we in our harvesting
   May honor reap.

2. In thee the ages find,
   Their problems solved aright.
   Fact stands by thought,
   And deeds by words of might.
   Within thy portals wide,
   Arts and Science thrive.
   And worthy to be thy sons
   We bravely strive.

Tune: Russian National Hymn

Get the Best Trunk

A "G & S Never-break"

AND the best in trunks means, not necessarily an expensive trunk, but one that will stand the strain of travel without breaking down or breaking through. "G. & S. Never-break" trunks are well named "Never-break," because they withstand the baggage smasher's roughest handling. They're of four-ply fibre veneer, and round shuck-proof edges with hard vulcanized fibre covering, securely bound with center bands and riveted throughout by hand as firmly as the deck of a battleship. Corners protected by sturdy malleable iron bumpers of controlled design. Steamer, men's and women's sizes, 32 to 40 inches in length—popular prices.

Children don't care!
If they did care they would forget!
Wrigley’s “Spearmint” makes it easier for them to care for their teeth than not to care.
If your children chew it every day, the friction and the mint leaf juice preserve their teeth indefinitely.
While they chew it they also help digestion. Most children don’t chew food properly—don’t create enough saliva. Chewing this dainty helps digest the “gulpings.”

And all this applies to you—Mr. or Mrs. or Miss!

The Beneficial Confection Has Double Protection!

Inside the white wrapper are five pink wrappers—inside them are white waxed wrappers. Inside this double protection is the pure springy gum flavored with fresh mint leaf juice.
It makes teeth white—breath pure. It creates appetite and helps digestion.

BUY IT BY THE BOX of any dealer. It COSTS less.

Look for the Spear! The Flavor Lasts!

WE MADE THE ENGRAVINGS FOR THIS BOOK.
Here's to the Queen of The Basketry Class, of Johnson's Floor Wax and Shellac!

Should she leave us for a second or two
We'd be glad to see her back.
HE new, novel and nifty ideas embodied in the arrangement of Menus, Invitations and Programs and the careful attention given to the designing and printing of Monthly and Annual Publications make our service a particularly valuable one to school and college students everywhere. We are pleased to submit designs and suggestions for any printing to students at any time. We would invite your correspondence.
