**Charles Metz**  
*Mercy Street*  
 Medical Illustration

**Robert Weinland**  
 Medical Illustration

*Art is a technique of  
 communication. The  
 image is the most  
 complete technique of all  
 communication.*

*Claes Oldenburg*

**Mary Jo Middaugh**  
Illustration

**Lara Williams**  
Illustration

*According to one critic,  
my works looked like  
scraped billboards. I  
went out to look at  
billboards and decided  
that more billboards  
should be scraped.*

*Mark Tobey*

**Karen Smedley**  
*Field Fresh*  
Graphic Design

Keli McCreadie  
*Icon*  
Graphic Design

88

89

*Don't think! Thinking  
is the enemy of  
creativity. It's self-  
conscious, and anything  
self-conscious is lousy.  
You can't try to do  
things. You simply must  
do things.*

*Ray Bradbury*

**Lee Scott**  
*Recycling Poster*

headlines

*USSR Anti-Coup Tank*

*Independence Rally in Lithuania*

RM Photo Service - The coup in the Soviet Union began on August 19, 1991. An eight-man committee led by Vice President Gennady Yanayev took power from President Mikhail S. Gorbachev. Yanayev said Gorbachev was ill. As Russian President Boris Yeltsin called on Russians to resist the coup, tanks and other military gear moved into Moscow.

*Boris Yeltsin*

On Tuesday, August 20, President George Bush was joined by the European Community and demanded Gorbachev's return to power. Three of the leaders of the new eight-man ruling committee stepped down.

On Wednesday, August 21,

the leaders of the coup were reported to have fled Moscow. Tanks and armored personnel carriers moved away from the Russian Parliament and leaders of the national legislature demanded that Gorbachev be returned to power. The Communist Party denounced the takeover.

On Thursday, August 22, Gorbachev returned to Moscow before dawn and reassumed power.

The coup may have ended communist rule in the Soviet Union, but it began a series of reforms and changes that will continue for years to come.

One of the biggest changes was in the Baltic states. Three Baltic states declared their

independence from the Soviet Union. Lithuania, Latvia and Estonia have different languages, religions and cultures. Lithuania, about half the size of New York State, has 3.7 million people and is predominantly Catholic. Latvia is about the same size as Lithuania and has 2.7 million people, almost half are non-ethnic Latvians. Estonia, with 1.6 million people is 30 percent ethnic Russian. Estonians and Latvians are mainly Lutherans. The Lithuanian and Latvian languages have some similarities, but Estonian is related to Finnish.

*Anti-Coup Gathering*

*Funeral for Coup Victims*

*left: Victory Demonstration at Red Square, below: Mikhail Gorbachev*

168

169

*Yugoslavian Unrest*

RM Photo Service - Civil war broke out in Yugoslavia. The war unraveled this nation of six divergent republics, two of which - Croatia and Slovenia - declared independence from the federation in June, 1991. All six republics were held together under the leadership of President Tito. But Tito's death in 1980 and the crumbling of Communism's powerful cement throughout Eastern Europe and the emergence of forces clamoring for democracy and ethnic self-determination set loose Yugoslavia's forces.

*Fidel Castro*

RM Photo Service - The failure of the Soviet coup left Fidel Castro and his island nation somewhat isolated. Cuba had relied heavily on the Soviet Union for aid. Now, with troubles of their own, the Soviet aid to Cuba was in doubt. But after 32 years in power, Fidel Castro remained a towering figure in Cuba. Almost 60 percent of the Cuban population was born after he came to power in 1959.

*G-7 Economic Summit*

RM Photo Service - The Group of Seven industrial democracies (known as G-7) held an economic summit that dealt with a wide range of issues - from world economic policy to building world partnership to international trade. Leaders of the G-7 Economic summit gathered at the Tower of London. From left: France's President Mitterrand, President Bush, Italy's Premier Androtti, EC President Jacques Dalors, Japan's Prime Minister Kaifu, Britain's Prime Minister Major, Canada's Prime Minister Mulroney and German Chancellor Kohl. At right is Field Marshall Sir John Stanier, constable of the Tower.

170

171

*Robert Gates and George Bush*

RM Photo Service - President Bush nominated Robert M. Gates to head the Central Intelligence Agency. The 48-year-old Gates was the deputy national security adviser to the president, and a former No. 2 man at the CIA. His role in the Reagan administration's secret arms dealings with Iran led him to withdraw a 1987 nomination to head the CIA.

*Thurgood Marshall*

President Bush nominated Clarence Thomas, a 43-year-old conservative republican, to replace the retiring Justice Thurgood Marshall on the Supreme Court. Nearly three months later he was confirmed by the U.S. Senate by a vote of 52-48. But, it was a tumultuous confirmation process. After a series of public hearings, the Senate Judiciary Committee split 7-7 on his nomination. Just days before the full Senate was to vote, some serious allegations of sexual harassment were raised. Professor Anita F. Hill, a 35-

year-old law professor from the University of Oklahoma and former assistant for Thomas at the E.E.O.C., claimed she was the victim of sexual harassment while the two worked together about 10 years earlier. The Senate committee reconvened and heard about three days of riveting testimony from Thomas and Hill and a group of supporters from both sides. The full Senate then debated the issue and voted to confirm the U.S. Appeals court judge to the nation's highest court.

*above: Clarence Thomas, below: Anita Hill*

*Alan Greenspan*

RM Photo Service - President Bush appointed Alan Greenspan to a second term as chairman of the Federal Reserve Board, endorsing the central bank's efforts to lift the economy from recession. The 65-year-old economist has been chairman of the Fed since 1987.

*F.W. DeKlerk*

RM Photo Service - South African President F.W. de Klerk tried to move his country closer to the United States and other western nations by loosening his tough stand on apartheid, a form of segregation. President Bush lifted some economic sanctions and the International Olympic Committee ended a 21-year ban on South African participation in Olympic competition. These actions went a long way toward ending the international isolation of South Africa.

172

173

*Terry Anderson*

RM Photo Service - After nearly seven years as a hostage, Terry Anderson was released on December 4, 1991. Anderson spent 2,455 days as a hostage in Lebanon. He was the longest held American hostage. He is shown here arriving in Wiesbaden, Germany, being greeted by his sister, Peggy Say.

*Magic Johnson*

RM Photo Service - Magic Johnson, the famed Los Angeles Lakers basketball star, announced he was infected with the HIV virus that causes AIDS. Johnson made his announcement to a stunned press conference in Los Angeles.

Warren Buffet

One of the major players in the financial world of Wall Street is Solomon Brothers. The giant financial institution admitted breaking the rules for bidding on U.S. Treasury securities and further admitted that company officials delayed telling authorities about it. After a corporate shakeup, financial wizard Warren Buffet was brought in to rescue the firm.

174

175

New York Stock Exchange

The New York Stock Exchange continued to hit new highs. Not long after the school year began in 1991, the market was closing over 3,000 on a regular basis. The United States was still in a recession, but the U.S. Stock market continued to achieve new heights.

Governor Mario M. Cuomo met with actor and Director of the President's Council on Physical Fitness, Arnold Schwarzenegger. They discussed the importance of youth fitness.

*Governor Mario M. Cuomo and Arnold Schwarzenegger*

*Arrests in Buffalo at Operation Rescue*

At the end of April Pro-choicers faced Pro-lifers on the streets of Buffalo. This came just weeks after a Pro-choice Rally in Washington D.C. where an estimated 700,000 people gathered to voice their beliefs.

## Tracey Ann Martin

Custom Photographic Laboratory Service

The Toxic Trio Forever - Art, Brian & Chris. I Love to T.B.  
Hello to the Whole Family Circle I Love You All! Fox

Thanks to all that I have met along the way. A special thanks  
to the Vets Office and my wife Susan/ **BVL says IOK**

We should not pretend to understand the world only by  
the intellect; we apprehend it just as much by feeling.  
Happy Graduation to you, my wonderful daughter,  
Heather Marshall! You are strong in both ways! Love, Mom

Yams. O, You are so orange...

Hey! To all you Guys, "*What are you on, Crack?*"  
Get out there and do your thing, whatever that is. Bye - Mike

Ann Reifsteck - Congratulations and love from Mom, Dad,  
Grandma, Tom, Chris, Matt, Kellie, Jack, Katie, Pat, Sue,  
and Sox

Thank you Mom, Dad and Eric for your love and support that  
got me through RIT! I love you ! Love, Diana

To the MET/308 RC Party Club: Good times come and pass in  
life but the memories and friends stay with us. Jeff G.

Thanks Mom, Dad and Mary for all of your patience, love and  
guidance over the past 4 years. I LOVE YOU - Chris

# Why It Pays to Keep in Touch

## 1. You Never Know Who Might Be Looking For You

Now that you've graduated from RIT, your career could take you across the country or around the world. Make sure Alumni Relations can tell old friends and favorite teachers how to track you down.

## 2. We Keep Track of Career Opportunities

If there's a hot job opening in your field, RIT probably knows about it. And we'll tell you about it. All you have to do is ask.

## 3. You'll Hear What's Happening at RIT

As an RIT graduate you're a part of a professional network of more than 65,000 alumni. We want to keep each and every one of you informed about RIT through *Alumni News* and other publications and mailings.

### ***Congratulations and Best Wishes to the Class of 1992!***

Rochester, New York 14692

We are the Gas Turbine Fuel Systems Division of the Parker-Bertea Aerospace Group of Parker Hannifin Corporation! Parker is a world leader in the design, manufacture and distribution of fluid power components and systems, and automotive original equipment and aftermarket products, serving industrial, aerospace and automotive markets worldwide. Optimum use of our assets enables us to out-design, out-produce and out-sell our competitors, and helps Parker meet the needs of today's advancing technology. The Company focuses its efforts on providing the world's most complete line of components for the conveyance and control of pressure and temperature controls, hydraulic systems for landing gear control, power steering, wheels and brakes, servo actuator systems, and flight controls. The Gas Turbine Fuel Systems Division designs, manufactures, and sells high quality fuel injection nozzles to jet engine manufacturers. We are the world's leading supplier in nozzles, augmentors, manifolds, valves and controls. Our Division has some 1000 employees in our technically creative facilities in Clyde, NY; Cleveland and Andover, OH; and Goodyear, AZ. Our Aerospace Group has in excess of 5700 employees spread throughout 13 divisions in 25 locations and 6 states.

If you are interested in considering an exciting aerospace career with a Pro-Employee/Participative Management Corporation . . . THINK PARKER. We may have the right opportunity for you!

Technila 1992. Words that strike fear into the hearts of many around the yearbook office and RIT. The yearbook that no one thought would ever be. Well, it finally has become a cohesive whole, a book. It has been a long road to final production. For those lucky enough not to know the saga of Technila 1992, this yearbook did not see the light of day until April of the year 1994.

I became the Editor-in-Chief of this book in May of 1992 due to the early departure of the original Editor whose words remain next to mine. Due to the graduation of a largely senior staff, I was left with a book that was only about one third completed. Although some of the graduated staff made a valiant effort to help out, the demands of full-time jobs and new families made it nearly impossible for them to continue to work on Technila. New staff members tried to fill the gaps, but the demands of RIT pulled them away from Technila and back to their schoolwork again leaving the 1992 book unfinished.

With the help of some dedicated people and the Student Activities office, Technila 1992 finally got the push it needed to be completed. I would like to take the time to thank some of those people. They are Penny Ellis, Justin DuBois, Helene Manglaris, Donna Burke,

Rich Banick, Roger Dykes, Mary Bartello, Dan Viggiano, Jim Maurer, Eric Ludemann, Jacqui Bazin, Tammy Jurinsky, Erika Sears, Anna Tan, John Dixon, Matt Goulet, John Citadino, Ellen Dalimore, Alice Grillo, Jeff Rowth, and my family for giving me an outlet to vent the many frustrations I have felt over the past 2 years. There are many others who have in some small way made a contribution to Technila. I thank them as well.

I would also like to apologize to all the people who purchased Technila 1992 and thank many of them for their understanding and words of encouragement. It is tough enough being a student at RIT much less a student leader of an organization with such a sizeable task and so few resources. It has been one of the greatest learning experiences of my life, and it has taught us at Technila what we need to do different in making yearbooks at RIT to insure that people in the future never have to face what we have had to face over the past 2 years. I am just sorry it had to come at the expense of others.

In any case, I hope you enjoy Technila 1992. All in all, we are proud of the final product that has become Volume 81 of Technila!

Thanks for your time.

Until later,  
Christopher R. Haut  
Editor-in-Chief  
May 1992 -...

The 1991-1992 academic year has come and gone. Many interesting events took place this year; we have seen the campus expand (as well as tuition) with the construction of the CIMS building and the new Student Life Center.

The presidential campaign has touched our community; Democratic candidate Jerry Brown spoke to RIT students in April. As Brown makes campaign plans, our own President Rose makes plans to resign.

This does not even begin to identify all the events that took place at RIT this year. As you browse through your yearbook you will find many other events that our yearbook staff has captured.

The 1991-1992 Technila staff can be very proud of the yearbook they produced. Working with them this year was a pleasure. We made an excellent team.

A special thank you to our editorial staff: Chris Haut, Managing Editor; Leslie Lord, Design Editor; Rich Banick, Photo Editor; and Kellie McCann, Darkroom Technician. If it weren't for your dedication to Technila, RIT would not have a yearbook. You can be proud of the top quality yearbook you produced.

I would also like to thank the design staff: Dave Cockley, William Colgrove, Frank Marino, Keli McCreadie, Lee Scott, Beth Singer, and Laura Spronz. Their hard work and long hours are very much appreciated. Leslie would go crazy without you.

I cannot forget our Business Manager, Lara Macaione, who handled all of the finances for producing and selling Technila. She freed everyone from doing administrative work and allowed them to concentrate on their own special fields.

A very special thank you to Jennifer Kuplinski, Office Coordinator, and secretaries Luzmarie Jove and Karis Heckert. You three are truly what keeps our office running. We could not have survived without you.

Our office would not run as smoothly as it does if it weren't for our administrative friends. Thank you to Helene Manglaris, Administrative Advisor; Mike D'Arcangelo, Administrative Advisor; Dorothy Brown, Greek Affairs; and Alice Grillo, Student Activities Business Manager. All of you have helped us get past some rough times.

Pati Forshay  
Editor-in-Chief

Volume 81 of Techmila was printed in Winston-Salem, North Carolina by Jostens Publishing Company. Five hundred copies were issued at 304 pages in each book.

The entire 1992 yearbook, was designed using Pagemaker 4.2 and Yeartech Program by Jostens Publishing. Typography is set in Helvetica Condensed typeface in various sizes and weights. All photos are submitted as black and white or color prints. Icons were developed using Aldus Freehand and then exported as graphic files into Pagemaker 4.2. All photography, copy, layouts, and typesetting were done by the Techmila staff.

Techmila is located in room A 420/423 of the Student Alumni Union on the Campus of Rochester Institute of Technology, 33 Lomb Memorial Drive Rochester, NY 14623-5603. Prior editions of Techmila are available, please call for information (716) 475-2227.
