BETA GAMMA SIGMA

The National Honor Society in Business and Management

Membership

Membership in Beta Gamma Sigma is the highest international recognition a business student anywhere in the world can receive in an undergraduate or master's program at a school accredited by AACSB--The International Association for Management Education. To be eligible for membership, a student must rank in the upper 7 percent of the junior class, upper 10 percent of the senior class, or upper 20 percent of the master's class. Doctoral candidates are automatically eligible following completion of all requirements for their degree.

History

Beta Gamma Sigma was founded as a national organization in 1913. To establish and maintain an active Beta Gamma Sigma chapter, an institution must be accredited by the American Assembly of Collegiate Schools of Business, the recognized accredited agency for undergraduate and master's programs in business and management.

Beta

Beta signifies honor. Honor is personal integrity and excellence of character. It is an enduring quality found in all persons who deserve to lead others.

Gamma

Gamma signifies wisdom. Wisdom is knowledge tested by experience and tempered by discerning judgment. It abhors prejudice; it insists upon freedom of thought and expression.

Sigma

Sigma signifies earnestness. Earnestness is enthusiasm measured by achievement, disciplined by reason and ennobled by sincerity. It is that dynamic quality which is essential for all great achievement.

Membership in Beta Gamma Sigma is an honor carrying lifetime affiliation with other outstanding graduates of business programs. While almost 300,000 students receive bachelors or master's degrees in business each year, only about 19,000 students are elected to membership in Beta Gamma Sigma.
