With a vision to be the first choice for enterprising students and creative enterprises, Saunders College of Business attracts students who possess a curiosity and entrepreneurial spirit. Today, all modern organizations are infusing technology to compete in our global economy, and we are preparing students to lead and manage in these technical and innovative organizations.

At Saunders, students come first. They get an edge through access to the vast resources in business, technology, and design that can only be found at Rochester Institute of Technology. Through RIT minors, double majors, and a wide array of experiential learning opportunities, business students regularly team with artists, designers, engineers, and computer scientists to address interdisciplinary challenges—giving Saunders graduates the ability to differentiate themselves, as experienced communicators and critical thinkers.

With strong corporate and entrepreneurial connections built through an established tradition of cooperative education, internships, and undergraduate research experiences, Saunders delivers an applied and relevant curriculum that prepares students to be ready upon graduation—whether that be to join a Fortune 500 company, connect with a start-up, or pursue a graduate degree. The opportunities are endless!

International Hospitality and Service Innovation

Integrating technology, services, and people to manage disruption and drive innovation for success

There is an explosion of interest in big data and business intelligence, precisely where marketing and management information systems intersect. Employers seek our graduates who deliver unique skill sets to excel in this needed capacity. This is an amazing time to be in this area.

Sean Hansen, MBA, Ph.D.
Professor and Department Chair
MIS, Marketing, & Analytics

MIS, Marketing, and Analytics

Exploring the impact of new technologies to advance business insights, agility, and customer experiences

Programs: management information systems and marketing (BS and minors); business analytics (MS and minor); digital business (minor).
Success in today’s business environment requires knowledge of technology, leadership skills, entrepreneurial thinking, and global awareness. By combining cutting-edge research, expertise, and an interdisciplinary curriculum, students are prepared to be innovative problem solvers and leaders in the fields of technology, innovation, and supply chain.

Stephen Luxmore, Ph.D.  
Principal Lecturer and  
Interim Department Chair  
Management

Finance and accounting professionals, especially those with recognized certifications such as the CPA and CFA, have great career opportunities in lucrative positions with very high-end potential in every industry. At RIT, Saunders finance and accounting students are prepared to obtain professional certifications while getting an edge in technology skills that employers seek. This leads to rewarding careers, with great pay, in positions that are in very heavy demand.

Archana Jain, CPA, MBA, Ph.D.  
Associate Professor and  
Interim Department Chair  
Finance & Accounting

Programs: global business management, supply chain management (BS, minor); entrepreneurship, human resources management, international business, management (minors); global supply chain management, technology innovation management and entrepreneurship (MS); master of business administration (MBA).
Technology Passport to the World
As part of one of the largest technology universities, producing the third-most STEM degrees, Saunders College sits at the intersection of business and technology. An entrepreneurial culture puts business students side-by-side with artists, designers, engineers, and computer scientists as students connect inside and outside of the classroom across all nine RIT colleges.

Students and faculty have access to a wealth of resources and research centers providing unlimited opportunities. State-of-the-art facilities are continuously enhanced to bring industry standards into the classroom. Four global campuses, over 600 study abroad options, and an international network of over 136,000 alumni, provide a gateway to global careers that put your passions to work to meet business needs with impact.

Backed by Industry
Industry advisory boards inject their industry expertise and guidance from global companies to ensure the highest quality, relevant curricula employers are looking for. The boards offer industry access, experience, mentorship and networking opportunities; plus, capstone projects, co-op and career options.

Pioneering Tools and Resources
A rich, enterprising culture at RIT delivers support to pursue innovative ideas:

- Albert J. Simone Center for Innovation & Entrepreneurship
- Global Cybersecurity Institute
- RIT MAGIC Spell Studios
- The Construct makerspace for rapid prototyping
- Venture Creations incubator
- Saunders featured events bring the top business minds in the country, open to all RIT students and community members
- Study abroad options available on every continent and at sea

Facilities
State-of-the-art facilities offer active learning environments utilizing technology to prepare students for industry with access to top software such as VBA, R, Python, Tableau, MATLAB, SAS, SQL and Bloomberg Terminals.

- Dedicated Saunders Tech Support Team
- Industrial kitchen and food lab
- Lobozzo Center for Executive Education
- Phil Tyler Active Learning Classroom
- REDCOM Active Learning Collaboratory
- Seamless Access Services for deaf and hard-of-hearing students
- Several computer labs featuring latest software used in industry
- Sklarsky Center for Business Analytics

Lindsay Connelly,
BS/MBA graduate founder of Linden Digital Marketing
Starting the RIT Rock Climbing Team with good friend Brennah Rosenthal (RIT ’13), Lindsay discovered the joy of leading and creating organizations that people love to be a part of. The accelerated 4+1 BS/MBA provided structure and skills to take that joy, and turn it into a company and dream career. Saunders alumni network continues to empower Linden Digital Marketing through talent acquisition and networking opportunities. Connelly shares, “RIT is unparalleled in its ability to give students real-world opportunities to apply what they learn in the classroom. As I grow my team, I can always trust RIT alumni—I know that they are prepared for real-world obstacles in any field.”
Cooperative Education and Internships

Traditions in cooperative education (co-op) and internships lay a solid experiential learning foundation in and outside classrooms—best recognized by employers through a 95% Outcomes Rate.

Real-world experience

Students gain experience outside the classroom during paid co-ops. One of the oldest and largest co-op programs in the world places more than 4,500 RIT students in more than 6,200 co-op assignments. Students have access to two annual career fairs and are supported by dedicated career advisors.

Co-ops are complemented by a commitment to applied teaching in the classroom and experiential learning options through: capstone projects, research symposiums, research centers, study abroad, international exchange programs, student competitions, industry mentorships and advisory boards, 200+ student clubs, and four global campuses.

Paid co-op experiences are a long-standing tradition for all undergraduate students at Saunders College.

Tai Chi Bubble Tea

Zining (Kelvin) Chen ’17 (advertising and public relations), M5 ’19 (TIME) took several marketing courses at Saunders College of Business which he immediately applied when starting Tai Chi Bubble Tea in 2015. Through his master’s in entrepreneurship, he refined their business practices, which helped him grow Tai Chi Bubble Tea to 14 stores across the United States. Chen founded Tai Chi Bubble Tea with classmates Owen Yijia Li ’17 (finance) and Tian Tian ’17 (advertising and public relations), M5 ’19 (TIME). Chen shares, “Our goal is to provide a place for people to connect with family and friends while enjoying the best bubble tea, healthy poke bowl, and tasty ramen.”
Saunders College of Business is adding more than **35,000 square feet**, almost doubling the building’s current footprint. The $20+ million expansion to Max Lowenthal Hall, home of RIT’s Saunders College, will also include a renovation of existing spaces.
