Packaging Science

Tom Kausch
Projects

• Extended vibration test
  – ISTA Steel Spring
  – 300 hr
  – 90,000 mi

• Peel test capability
  – Measure lid removal force

• Flexible Pouch Test Protocol
  – Developed test procedures to evaluate strength of pouches used for wine/liquor packages
Projects

- ISTA Project 4AB
  - Evaluate usefulness of protocol to members
  - Increase capability and flexibility
  - Improve user friendliness
  - Collaboration IT Networking / Pkg Sci / ISTA

- ISTA web based protocols/reporting
  - Develop web-accessible protocols
