Complete the application by expanding the sections below and attaching supporting documents as needed.

**DESCRIPTION OF PROPOSED CIR**
(A project proposal or statement of need describing the project, including rationale)

(The initial plan of work with a schedule and demonstrable milestones, and expected tangible deliverables at the end of the experience.)

**CIR JUSTIFICATION**
(A statement by the applicant describing how the proposed CIR fits with the applicant’s plan of study and the applicant’s post-graduation goals. Include discussion of how the proposed CIR will require the applicant to practice specific program outcomes of the applicant’s degree program.)

**OVERSIGHT RESPONSIBILITY**
(A statement of support from the individual responsible for the applicant’s oversight. Oversight responsibility includes monitoring the progress of the student during the CIR period and providing evaluative feedback on the student’s work via RIT’s Co-op evaluation system.)
iSchool Creative, Innovative & Research Experience Approval (ISTE-498)
