

Teachers on Teaching ACT: Faculty Assessing What We Value, Students Valuing What We Assess (Part 2)

Paul Tymann, GCCIS C-CORE
Paulette Swartzfager, English

Tuesday, November 28, 2017
9:30am-11:00am

This session brought together participants to talk about their assessment challenges and share rubrics that they've designed to address those challenges.

Some participants brought rubrics for comment and critique.

Discussion during the session centered around faculty questions, challenges, and difficulties implementing and using rubrics. Various strategies were discussed for small and large classes, short and long projects.
