

COURSE EVALUATIONS

Students evaluate each course and by doing that participate in monitoring the quality and the success of our educational program. Students' feedback is an important part of their personal efforts for improvement and the college's effort to improve the quality of instruction. Instructors and administrators take these evaluations very seriously and make modifications based on students' input. **However, it is also important for students to give their feedback to instructors early in the course, so that they can make corrections during the delivery of the course.**

Evaluations are held online in the 12th, 13th and 14th week of each term and students anonymously evaluate quality of the course, textbooks and other materials as well as the performance of the instructor. The course instructor and the Dean receive the compiled evaluation data after final grades have been posted on SIS.
