

# Virginia In Second Place In Victory Drive With \$584.69

## New York Still Leads With \$650.29; California Third, And Texas Fourth

According to the latest report by Mr. B. B. Burnes, secretary-treasurer of the National Association of the Deaf, only four states have contributed over \$500 each to the nation-wide Victory Fund, which officially closed on Labor Day. These four states are as follows in order: New York, \$650.29; Virginia, \$584.69; California, \$559.56; Texas, \$510.16. Delaware contributed \$12.00; District of Columbia, \$149.57; Maryland, \$68.10; West Virginia, \$80.50. The grand total of the nation-wide drive was \$6,421.69 on September 19, with a few remittances yet to come,

The Virginia Victory Fund drive reached its climax at the Richmond picnic on September 6th last when its grand total reached \$584.69. The Richmond picnic helped swell the fund with a neat profit of \$72.69, and the great success is due to the wonderful team work displayed by Chairman Meade B. Dalton and his fourteen helpers.

Norfolk's party, under the direction of Glenn O. Coffey on August 29th last, netted a nice profit of \$20.35.

The eighth and final series of the drive netted a sum of \$137.92 which was the largest of the series.

The grand total, including contributions by District of Columbia through the Silent Cavalier, is \$602.69.

The full report of the drive will be printed in a supplementary form of the next issue.

The final report is as follows: deaf.
