

Student/Instructor Agreement: Assignment Due Dates Extended - When Needed and Appropriate

Faculty may have a student with an approved accommodation for Assignment Due Dates Extended - When Needed and Appropriate. This Agreement Template has been created to allow faculty and students to proactively plan together for any flexibility that may be available on future assignments. This accommodation does not grant flexibility on any assignments whose due date has already passed.

Some examples of situations where extended time to complete assignments may not be appropriate include group projects or assignments with posted solutions.
