RIT Dubai is currently seeking applications from exceptional candidates with a strong commitment to education for the electrical engineering faculty position in the area of electronics, digital systems, and embedded systems. Responsibilities include teaching and education activities, development of courses and laboratories, advising students, and engaging in scholarship, research, and professional service activities. The selected faculty is expected to start in August 2018 in Dubai.

REQUIRED QUALIFICATIONS

- PhD in Electrical Engineering
- Ability to teach undergraduate and graduate courses in the broad area of electrical engineering, including analog/digital electronics, digital and embedded systems.
- Demonstrated applied research and scholarship activities and successful collaboration with industry on research in electronics and embedded systems and evidenced by a strong publication portfolio
- Excellent communication skills

APPLICATION AND NOMINATION

Please email your application to careersdubai@rit.edu. The subject line must include the source, your name and position you are applying for. e.g. AcademicKeys – Dr. John Smith – Electrical Engineering

Please submit the following items as part of your application:

- A cover letter detailing your technical/professional, teaching, and scholarship qualifications and achievements, and how they address the required qualifications for the position.
- Resume or curriculum vitae
- Teaching philosophy statement
- Research Statement
- Contact information
- Names, addresses and phone numbers of three references

Review of applications will begin immediately and will continue until a candidate is found. Only shortlisted candidates will be contacted.

ABOUT RIT DUBAI

RIT Dubai, a not-for-profit university affiliated with Rochester Institute of Technology in Rochester, NY, USA and located in Dubai, United Arab Emirates (UAE), is accredited by the UAE Ministry of Higher Education and Scientific Research and is licensed in Dubai by the Knowledge and Human Development Authority (KHDA). Individual degree programs may also have professional accreditations, such as the Association to Advance Collegiate Schools of Business (AACSB) for our business programs. RIT Dubai was established in 2008 to provide world-class educational programs in the UAE for students and professionals from across the globe. The vision of RIT Dubai is to be the premier provider of career-focused, technologically advanced education in the Middle East. RIT Dubai students are part of a new and exciting learning environment, one that is dedicated to the development of students’ competencies in engineering, business, information technology, service leadership, innovation, and entrepreneurship.
