ADJUNCT FACULTY IN COMPUTING

JOB DETAILS			
Position Title:	Adjunct Faculty in Computing	Grade	
Department/Division:	Electrical Engineering & Computing		
Reports to:	Department Chair		
Supervises:	None		
Last Updated on:	May 18, 2022		

Job Purpose

The department of Electrical Engineering and Computing Sciences at RIT Dubai is currently seeking applications from exceptional candidates with a strong commitment to education for adjunct teaching positions in computing sciences for Fall 2022 in the following areas:

Object-oriented programming, data structure programming, designing the user experience, computer architecture, software development and computational problem solving in applications to computing.

The teaching assignment is intended for the Fall 2022 semester which starts on August 29 and ends on December 16.

REQUIRED QUALIFICATIONS:

- PhD (master degrees can be considered for a small number of courses) from an accredited institution in information technology, computer science, or a closely related field with a coursework in the above areas.
- Previous teaching experience with the ability to teach undergraduate courses in the broad area of computing including Python and Java programming with focus on software development and problem solving, computer architecture, and/or software engineering.
- Excellent communication skills.

APPLICATION PROCEDURE:

Please email your application to careersdubai@rit.edu and include the following items in your application:

- Subject line must include the source, your name and position you are applying for;
(Mr. John Smith – Adjunct Faculty in Computing)
- Cover letter detailing your technical/professional, teaching, and scholarship qualifications and achievements
- Resume or curriculum vitae
- Contact information

Applications review will begin immediately and continue until a candidate is selected. Only shortlisted candidates will be contacted. For more information please visit RIT Dubai website at www.dubai.rit.edu.
